TERMS OF SALE

(Please Read Carefully)

1. BIDS BY MAIL or PHONE will be accepted until the closing date. All phone bids must be confirmed in writing on a bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits to within 10% of the second highest bid. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.

2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot by experts. Cataloguing errors will be cheerfully and promptly corrected. FLOOR BIDDERS MAY NOT RETURN ANY LOTS including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 28 days after a sale. As the auction house acts as an agent for various consignors, NO CLAIMS OF ANY KIND can be considered after settlements have been made. If a claim is not made within this 28 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. Lots are not shipped until paid for. Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact.

3. Successful bidders are required to pay the full invoice amount before lots are delivered. Previously established lines of credit, at the sole option of the auctioneer, may not be honoured unless arrangements for this sale have been specifically agreed to in writing by the auctioneer. Please contact us in advance if you have any questions regarding your purchasing plans. First rate references or a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale.

4. A 10% BUYER'S CHARGE WILL BE ADDED TO THE SUCCESSFUL BID PRICE OF EACH LOT. This 10% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 1 1/2% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former top bidder. Late payers should not expect to receive future catalogues.

5. TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN CANADIAN FUNDS. Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in Canadian Dollars by bank draft or by wire transfer to the account of London Coin Centre- Torex Auctions, c/o Bank of Nova Scotia. As a convenience, invoices may be charged to VISA or MASTERCARD accounts provided the purchaser agrees to pay an additional 2 1/2% handling charge. Please supply account number, signature and expiration date at the bottom of your Bid Sheet.

6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment.

INTRODUCTION

St. Stephens Bank, \$1.00 Dollar 1863
Ex Ralph Goldstone Collection Boston 1960

Our Summer Torex Auction features the second part of the personal collection of J. Lloyd Carney.

Lloyd first began collecting coins in 1940. At that time his principal means of employment was from a taxi business which he ran in the City of Toronto. One must wonder which avenue received the most of his intentions, his hobby or the taxi business. In 1962 Lloyd sold the taxi business and he and his late wife Maisie hit the convention trail. All across the United States and Canada they became familiar sights at coin shows including all of the CNA and ANA conventions from 1960 to 1982. Lloyd is a member of each of the CNA and ANA.

Lloyd never lost that collector's delight in uncovering a needed coin for his collection nor in the appreciation of those scarce and rare coins, tokens and paper money that make up the Canadian series. Over the past thirty years only the best of thousands of numismatic items that he dealt in made their way into his personal collection.

The kind of quality and scarcity of items in the J. Lloyd Carney Collection were confirmed earlier this year at the Winter Torex Auction. Many of the auction highlights were examples from the Carney collection. Time and time again pre-auction estimates were shattered as floor and mail bidders competed for these highly prized items. Lot 1085, a Barclay's Bank 1929 \$5.00 sold for \$935.00; Lot 1103, a \$2.00 Commercial Bank of Canada 1860 brought \$1980.00; Lot 1107, the \$20.00 note of the Commercial Bank of Newfoundland, 1888 issue, was knocked down for \$3,080.00, an amount over five times pre-auction estimate! From the token section of this outstanding collection came such rarities as Lot 1259, the Broken Leaf Sou Breton 703. This eventually sold for a record price of \$3,740.00, again nearly five times estimate. Lot 1308, the Nova Scotia Mayflower Halfpenny in Proof, realized \$1,980.00.

These few examples clearly show the kind of quality and rarity of numismatic material that formed part of this important collection. Unquestionably the Lloyd Carney Collection ranks high on the list of quality and rarity for collections formed over the past thirty years. This particular sale offers you another opportunity to acquire items of Canadian numismatic significance.

THE VERY RARE 1969 LARGE DATE TEN CENT

4447

Found in Montreal over 15 years ago this specimen of the 1969 large date was sold to a Montreal dealer. It is the first known specimen to reach public auction. A small quantity were struck early in the year before it was discovered that the original designs had deteriorated so much that they were no longer useable. A completely new model with noticeably smaller schooner and small date replaced the original designs in early 1969. The Obv is the same as the 1965 to 1968 issues. Struck at the Ottawa Mint. Only 5 to 10 pcs are thought to exist. Possibly the rarest of all Canadian circulating coins and certainly the key in the Canadian Ten Cent series. The Charlton Standard Catalogue list this coin in VF at \$13,000.00 Ex Montreal dealer; Proof Positive Coins; Sidney Ebelzberg. This Coin is ICCS graded VF-30(RN160). 8,000.00

ORIGIN OF A BANK NOTE DESIGN

by Walter D. Allan

GREAT EXHIBITION, COUNCIL MEDAL 1851 OBERSE DESIGN

BANK OF TORONTO, BACK DESIGN \$50 NOTE 1887-1929

Collectors of bank notes and syngraphists (those who study them as well as other fiscal documents) primarily pay attention to the face of the items where the date, origin and many other essential and important facets of any particular document are found.

It is not surprising then, that one rarely sees an illustration of the back of a note or reads any significant information concerning them. Several important varieties of even Dominion of Canada notes have been discovered or recognized in the last two years (see C.P.M.S. Journals). It is with considerable exhilaration that I am able to shed some interesting information concerning the back design of the Bank of Toronto notes, or more specifically the central medallion portraits represented there.

The Bank of Toronto opened for business, July 8th, 1856 and has earned the reputation of being a sound and trustworthy institution, friendly yet businesslike while pursuing the highest ideals of good banking.

The first bank notes had no design on the back (except for the denomination overprint the same as on the face). Then a very attractive bright orange back design was added, featuring in the centre a magnificent double portrait of Queen Victoria and Prince Albert in which were incorporated a trident and dolphins symbolizing Britain's sea power.

This design was in fact the same as that used on the obverse of the prize medal given to exhibitors at the Great Exhibition held at the famous Crystal Palace in London, England, which opened on May 1st, 1851 and stayed open until October 15th. During that time over 6 million people passed through the turnstiles.

The obverse of the medal was designed by William Wyon, royal academician and chief engraver of the Royal Mint, who was at that time, possibly the most famous designer of medallions in Europe.

I will speculate that in some manner one of these medals came into the possession of one of the Bank of Toronto directors, and its beauty, apart from any symbolism, was appreciated to the extent, that it was adopted into their bank note design.

It was first engraved by the firm of Rawdon, Wright, Hatch and Edson, New York whose imprint appears on the first issues of the bank notes and also on several proof backs, which I am fortunate enough to have in my collection. In the process the main design of the medal was reversed so that the heads face to the right, rather than to the left as on the medal. Later, after amalgamation, the imprint of the American Bank Note Company appears.

This back design was apparently so well received, that it remained unchanged on the backs of the \$5.00, \$10.00, \$20.00 and \$50.00 issues until the bank stopped issuing notes.

The distinctive and beautiful designs, the bright yellow face and orange back of these denominations of bank notes have made them, possibly, from a visual aspect, the most attractive and sought after notes of any bank by collectors and non collectors alike.

One of the more interesting aspects and one often overlooked is the historical interrelationship between coins, tokens, medals and bank notes. For that extra added enjoyment why not review your collection for these relationships.
