TERMS OF SALE
Please read carefully

1. Bids by mail or phone will be accepted until the closing date. All phone bids must be confirmed in writing on a bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits to within 10% of the second highest bid. In the case of a tie bid the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.

2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot by experts. Cataloguing errors will be carefully and promptly corrected. FLOOR BIDDERS MAY NOT RETURN ANY LOTS including those lots purchased while acting as agents. All claims for adjustments by other bidders must be made within five days of receipt but in no case more than 28 days after the sale. As the auction house acts as an agent for various consignors, NO CLAIMS OF ANY KIND can be considered after settlements have been made. If a claim is not made within the 28 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. Lots are not shipped until paid for. Therefore, late payments will negate a return privilege. Any returned lot must be in our original holder with seal intact.

3. Successful bidders are required to pay the full invoice amount before lots are delivered. Previous established lines of credit, at the sole option of the auctioneer, may not be honoured unless arrangements for this sale have been specifically agreed to in writing by the auctioneer. Please contact us in advance if you have any questions regarding your purchasing plans. First rate credit references or a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after each sale.

4. A 10% BUYER'S CHARGE WILL BE ADDED TO THE SUCCESSFUL BID PRICE OF EACH LOT. This 10% buyer's charge will be added to the invoice of each successful bidder without exception and is payable by the buyer as part of the total purchase price. Additionally, 1 1/2% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without deposit 30 days after the

sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former bidder. Late payers should not expect to receive future catalogues.

5. TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN CANADIAN FUNDS. Payments should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made by a Canadian Dollar Bank Draft or by wire transfer to the account of London Coin Centre, c/o Bank of Nova Scotia, Main Branch, 420 Richmond Street, London, Ontario, Canada, N6A 3C9. As a convenience, invoices may be charged to Visa or Mastercharge accounts provided the purchaser agrees to pay an additional 2 1/2% handling charge. Please supply account number, signature and expiration date at the bottom of your bid sheet.

6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered mail with return receipts and green customs tags on overseas shipments.

7. SALES TAX will be collected under the law of the Province of Ontario unless a valid vendor's permit number is presented.

8. TITLE TO ALL LOTS REMAIN WITH THE AUCTION HOUSE until payment in full is received. The Auction House reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 50% of the estimate will not be accepted. By placing a bid in this sale, you agree that this agreement is made in Ontario by the Auction House's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Ontario law. In the event of a dispute or nonpayment, the Auction House may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in courts of Ontario. If an account is referred to an attorney for collection, the buyer agrees to hold the Auction House harmless and indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4, accruing on the entire amount paid.

9. BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.

INTRODUCTION

It is my pleasure to make these few comments about the medal portion of this catalogue; the quality, quantity, and excellence of cataloguing of which has never before been seen in this country. Mr. Hoare is to be commended on this "work of love" which includes photographs of each of the medals offered. It is his hope that interest will be stimulated in a series so badly neglected in Canada. Mr. Cross of Charlton Numismatics is already dedicated to the task of producing a catalogue of Canadian medals, a long-felt want. Mr. Hoare proposes a longer-term project, similar to the three-volume work by Brown entitled "British Historical Medals" which, like its precursor "Medallic Illustrations of British History to the Death of George II", published in London by Hawkins, Franks and Grueber for the British Museum in 1885, is a continuation of that last work, listing medals chronologically from 1760-1960. The third volume which has yet to be published covers the period 1901-1960. Mr. Hoare will use the cut-off date of 1850 for his Canada project.

Canadian medals of the early period, to 1760, have been well-covered by Hawkins and Grueber; and Betts, whose book "American Colonial History Illustrated by Contemporary Medals" was posthumously published in 1894. The latter is a wonderful reference work for collector and historian alike, and has gone through two reprints, the last of which was in 1972. Alas, Canadian commemorative medals from 1760 on have not met with the same treatment. McLachlan's text, "Canadian Numismatics", published originally in parts in the American Journal of Numismatics from 1880 to 1886, and then privately printed in Montreal by the author in an edition of 100 copies, gives the best description with historical data on most of the more important types to the date of the publication. Leroux's "Canadian Coin Cabinet", originally published in 1888, illustrated for the first time the medals described by McLachlan, and many more. He followed this up with a supplement in 1890, and combined both to years later as his second edition of the "Canadian Coin Cabinet." In 1897, a supplement to the 2nd edition which was simply a text with minimal description was published to add to what had been left out or to include new issues produced within the five years. The scarce second edition and the pamphlet supplement, along with several other out-of-print monographs on Canadian colonial coins were reprinted by Somer James in 1964 in an edition of 1000, and this work has long been out of print. Paul Nadin-Davis reprinted the medal portion of the catalogue in 1984 and issued a separate price guide to the series. The Leroux work is a confusing one, the author having made chronological divisions, understandable no doubt to only himself. Mistakes abound, and rarity scales are unreliable. Nevertheless, this is the standard reference today.

On a more optimistic note, I must point out that more fine papers, monographs and small volumes have been published on specialized subjects. Indian Chief medals have been covered by McLachlan, Morin and Jamieson and the Governor General medals and Lieutenant Governor

Medals have been well researched by Clowery whose works will long be standard.

In 1912 Breton published his "Popular Illustrated Guide", which for the first time included most of the important medal types included in Leroux. At the end of the book he appended a "Table showing prices Paid for coins and medals." A perusal of the values assigned to the various tokens and medals indicates the high regard, and no doubt ready market for medals at that time. His offer of two dollars for any one of the bronze McGill College medals was the same value placed on the rare Br. 999. These medals today sell for about \$75.00 to \$100.00, whereas a specimen of Br. 999 would likely find a purchaser at the \$1500.00 level. A collector lucky enough to own a silver Confederation medal (Br. 90) could obtain \$50.00 for it at Breton's shop, twice the amount offered for the rare McAuslane card (Br. 956). One could go on and on with comparisons which appear to favour medal collecting at that period. Indeed, date collecting of coins was virtually unknown at that time. That was the past. Suffice is to say that Canadian commemorative medals are a bargain at today's prices.

I would be remiss were I not to utter a word about engravers and medalists. The Wyons are of the first rank and many medals in this sale are representative of the artistry. In Canada the firm of P.W. Ellis produced a great deal of medals of better than average quality. Some of the more interesting items, in my opinion, were made by workmen with less than average talent, and are totally lacking in artistic ability. Motivated by profit alone, these productions in white metal, copper, and occasionally silver, were sold at carnivals and exhibitions; the issuers, being entrepreneurs, were not unaware of numismatic interest for they produced many varieties using combinations from dies of previously struck medals. Although disdained by the numismatic noblesse of the time, they have, one hundred years late, become very collectable.

The medalists and engravers of Canada, i.e., those responsible for productions relating to Canada, whether they be French, English, Italian, American, or Canadian have been listed by Bob Willey in the Transactions of the Canadian Numismatic Research Society. It is a very useful work and I hope to see it have a wider distribution some day.

It is doubtful that as comprehensive an offering of medals will soon come on the market. The many gold medals will certainly never again be seen in one sale. Both new and advanced collector should avail himself of this opportunity.

Warren Baker

PLATINUM SCALE MODEL OF A MINE HEADFRAME
FROOD NO. 3

6500 / 15

Presented by International Nickel Co. to Ralph D. Parker on his retirement. Wt. 290 grms, by Birks, hallmarked platinum.

Ralph D. Parker joined the International Nickel Company in the year 1928 and retired thirty-five years later as Senior Vice-President and Director of the company. Honoured as a magnificent Administrator of Operations and Explorations he has been the recipient of several awards and medallions issued by International Nickel. His development work in the use of the "undercut and fill" mining method which provides lower horizons preparatory to deep level exploration was begun at the Frood mine and extended to several Inco. mines. Utilizing sandfill, this method is applicable in mining areas where difficult ground conditions are encountered. This development resulted in improved working conditions and more efficient mining operations. With these awards Inco. wished to honour an individual whose achievements and distinguished service have made exceptional contributions to International Nickel and the nickel industry. \$8000.00

3460 / 334

1259
THE BROKEN LEAF SOU, Br 703, extremely rare. One of the rarest of the series. Bowman (1955) says, "possibly a dozen are known". Of the bouquet sous listed by Breton, 703 is probably the equal of 675 in rarity and exceeded only by 672 (unique) and 673. Last known public sale in the McKay-Clements Collection (Rose, 1976), as lot 269, in VF at \$700.00. No specimen in the Buckley (Lepczyk, 1981), Williams (Sotheby, 1969) or Redford (Sotheby, 1968) Collections. There was one specimen in Fine as lot 1508 (illus.) in the 1965 C.N.A. Sale. Prior to the second world war, great collections and sales of the past which contained this piece included Chas. Morris (Green, 1912), lot 222, VG; W.E. Hidden (U.S. Coin, 1914), lot 105, F; W.W.C. Wilson (Raymond, 1925) lot 527, EF; Wilson (Raymond, 1926), lot 68, VF; Wilson (Raymond, 1927), Unc; Ludger Gravel (Morgenthau, 1935), lot 37, Unc; the William Tennant Collection and the R.M. Bateman Collection. The present offering is a clear Very Fine. VF 800.00

1308
MAYFLOWER halfpenny in proof, 1856, Br 876, LCW under bust. This extremely rare piece should probably be called a pattern rather than a proof, since it is not simply a superior strike from the same die as the familiar 1856 Mayflower halfpenny. The addition of the initials of the designer, Leonard Charles Wyon, is but one difference that distinguishes this piece as from an entirely different die than the regular issue. The leaf clusters and flowers of the trailing arbutus are here differently arranged. The obverse bust is also differently engraved and slightly larger with the date distinctly smaller and farther from the rim. The die alignment is upset; on the regular issue it is straight. The composition of this specimen is probably yellow bronze. Patterns are also known in copper. Both copper and yellow bronze specimens of both the halfpenny and the penny appeared as lot 377 in the sale of the Caldecott Collection by Sotheby in 1912. The present specimen might best be described as Unc. with almost full lustre and mirror-like surfaces. There is some faint rubbing and some faint scratches only perceptible with the aid of a glass on the obverse and a tiny stain below the AL of HALFPENNY on the reverse. A rare and interesting piece. Unc 1250.00

ROYAL CANADIAN MINT TEST TOKENS

1395

ONE CENT SIZE, three maple leaves, Test Token Royal Canadian Mint, reverse as obverse except upset; copper, 19mm, 3.24gms, CH-TT-9, lustre.

EF 150.00

1396

TEN CENT SIZE, bouquet of flowers and fleur de lis, R.C.M. ten tokens 1965, obv. and rev., pure nickel, 17.9mm, 2.07gms, reeded edge, CH-TT2.

FDC 90.00

1397

TWENTY FIVE CENT SIZE, three Canada geese flying left, twenty five tokens R.C.M. 1965, on obv. and rev., pure nickel, 23.8mm, 5.05gms, reeded edge, CH-TT4.

FDC 125.00

1398

TWENTY FIVE CENT SIZE but struck in stainless steel. Obv: three Canada geese, Twenty Five Tokens, R.C.M. 1965, Rev: as last, but without R.C.M.; stainless steel, 23.6mm, 5.82gms, plain edge, appears to be a mule of TT-4 and TT-5. Probably a pattern and extremely rare. The five nickel tokens are magnetic, the stainless steel tokens are non-magnetic. This coin was struck by the RCM to demonstrate to their potential customers the capability of minting this high quality stainless steel which was not being offered by any other mint at that time. The quality is far better than that of any other token.

FDC 750.00

1399

FIFTY CENT SIZE, a standing ram facing right, with mountain behind, 50 Tokens R.C.Mint 1965, Obv. and Rev., nickel, 29.7mm, 11.7gms, reeded edge. The nickel token is much rarer than the brass piece. Unc 1200.00

Group of three to Sgt C. Bull, 29th Bn MG Corps; BWM, the AVM and the DCM, London Gazette 2nd Dec 1919. DCM 54842 to Sgt. C. Bull, 29th Bn MG (Bury St Edmunds) For Most Conspicuous Gallantry and Good Work, on the 22nd Oct 1918 near Kattestraat, he led his sub-section successfully through the enemy artillery barrage and was then stopped by a strongly held farmhouse. With absolute disregard of heavy fire, opening on any movement or attempted advance, he worked around the buildings, directing his men to surround the farmhouse when forty-five men and four machines gunners surrendered to him. Throughout the operations of 14/22nd his conduct was of the highest order, and of an unflinching example to his men. EF 350.00
