Our Coin & Paper Money catalogues have been the standard references for many years and our weekly numismatic articles appear in "Coin World", the world's largest weekly hobby publication.

PRICE LISTS AND BULLETINS

An illustrated Price List is issued, specializing in Canadian coins, tokens and paper money but also covering United States, Great Britain and other countries, regular coinage, proof sets, crowns, odd and unusual money and numismatic books and supplies (40 pages) — 35¢. We also send out monthly bulletins of special offerings including new issues. You can get these together with Auction Catalogue and Prices Realized by subscribing to the Yearly Plan for \$1.00. This does not cover the cost of printing and mailing but it does help, and tells us who the active collectors are.

INFORMATION REGARDING AUCTION SALES

The most important coin collections are usually sold by auction, and collectors are thereby provided with an excellent and often the only opportunity of acquiring many rare numismatic items. Such material is listed in this Sale and comes from the cabinets of the late Jack Sharpe, Norman B. Mason and others. Also included are many lots suitable for the less advanced collector or beginner, and investors and dealers will also find attractive offerings seldom available.

If at all possible attend the Convention and auction sessions at Hamilton and see the material in this Sale on display. If this is not convenient, the auctioneer will act as your agent and buy for you at the lowest possible prices. He will also guarantee that you will be satisfied with the grading of material which you purchase. These are two most important features, and we do appreciate the fact that many mail bidders express their confidence and complete satisfaction by regularly purchasing at our Sales.
