TERMS AND CONDITIONS OF SALE

1. Bid by Lot Number, so much per Lot.
2. Unlimited or Buy Bids will not be accepted. We will purchase lots for your account below your maximum bids whenever possible.
3. No commission charged for handling your bids. Only additional charge will be for postage and insurance, and tax, if applicable.
4. Bidders unknown to us should supply suitable references or a deposit equal to 25% of their bids.
5. Terms are cash and payment to be made immediately upon receipt of material or invoice in Canadian funds or the equivalent. We allow the full bank premium on U.S. funds.
6. All material in this sale is guaranteed genuine, unless stated otherwise, and any errors in cataloguing will be satisfactorily adjusted.
7. Lots will be on exhibition at the Mount Royal-Sheraton Hotel on the days of the sale.
8. Valuations placed after each lot are only for the guidance of bidders. Selling prices may be higher or lower.
9. The highest bidder to be the buyer. In cases of similar bids, preference will be given to the first received. Bidding advances will be at the discretion of the Auctioneer. If disputes should arise, the Auctioneer's decision will be final.
10. An official list of prices realized will be released approximately three weeks after the sale. The price will be \$1.00. The H mint mark has been omitted in this listing except for years in which coins with and without the H mint mark were issued.
An asterisk preceding a lot No. indicates that the item is illustrated.
11. Minors' bids cannot be accepted unless guaranteed by parent or guardian.

Floor bidding will commence at approximately 5% above the second highest mail bid. If there is no floor bid, the highest mail bidder will receive the lot at the opening bid, already mentioned. For example, if the highest mail bid on a certain lot is \$11.00 and the next highest mail bid is \$10.00, the bidding will start at \$10.50. In the event of a floor bid above \$11.00, the highest floor bidder is awarded the lot. Advances in bidding should be at least 5%, and the floor bid must exceed the top mail bid, to be successful.

Mail bids should be forwarded as soon as possible to our Toronto address and must reach us no later than Tuesday, August 10th. Late bids may be sent to us at the Mount Royal-Sheraton Hotel, Montreal, Que., Canada.

<p>*401. 1893 Round top 3. Choice Unc. except the lower part of Crown on the reverse is somewhat blurred, possibly due to defective die. This coin is comparable to the specimen at the Chateau de Ramezay collection and purchased last year in California for a sum reported in excess of \$10,000. The date on this coin has always intrigued numismatists not only due to the weak '93' but also to the fact that the '1' in the date is always double struck. This example shows both these characteristics in a very clear fashion. 6000.00</p>

412.	1905 Unc. Canadian 25 Cents:

440.	1871H Unc. This specimen carries the iridescent metallic toning that is so characteristic of an early silver coin which has been carefully preserved	170.00
441.	1872H Unc. This nicely toned coin is almost entirely free of abrasion, giving it an almost proof-like appearance. As a type Victoria coin, it will no doubt become the pride of the collector	150.00
442.	1874H Unc. This coin, because of the high wire edge and high relief, may once have been either a proof specimen or an early strike. Despite some minor abrasion on the Queen's nose and neck, this coin is considerably above average for an Unc. Victoria 25 cent piece	150.00
443.	1888 Unc.	175.00
*444.	1891 Unc. This key date carries a light, delicate toning	325.00
445.	1892 Unc.	200.00
446.	1894 Unc. The numeral '5' on this nicely toned specimen is double struck with the bottom seraph filled in; this is probably due to the die from an earlier date being altered. Minute obv. edge nicks	175.00
447.	1901 Unc., a choice, nicely toned specimen	110.00
448.	1902 Unc., a nice specimen	120.00
449.	1914 Unc. The high wire edge and delicate green toning of this specimen shows that it was carefully selected and preserved	175.00
450.	1917 Unc. The delicate toning of this choice coin would make it very desirable for any type set	60.00
451.	1918 Unc., a nice specimen	60.00
452.	1919 Unc. Despite slight scratches above the date, the frosty surface of this coin makes it extremely desirable	50.00
453.	1920 Unc., a nice specimen	65.00
454.	1928 Unc., a nice specimen	75.00
455.	1929 Unc., a nice specimen	65.00
456.	1931 Unc., a nice specimen	155.00
457.	1932 Unc. The dark rainbow toning of this choice specimen should make it irresistible to most collectors who prefer the colouring that only time can add	125.00
458.	1934 Unc. The toning on the edge of this specimen indicates that it was probably carefully preserved in a roll of coins	125.00
459.	1935 Unc., a nice specimen	130.00

CANADA COIN EXCHANGE**49 Queen Street East, Toronto, Ontario
INFORMATION REGARDING AUCTION SALES**

The most important coin collections are usually sold by auction, and collectors are thereby provided with an excellent and often the only opportunity of acquiring many rare numismatic items. Such material is listed in this Sale and comes from the cabinets of a number of leading numismatists. Also included are many lots suitable for the less advanced collector or beginner, and investors and dealers will also find attractive offerings seldom available.

If at all possible attend the Convention and auction sessions at Montreal and see the material in this Sale on display. If this is not convenient, the auctioneer will act as your agent and buy for you at the lowest possible prices. He will also guarantee that you will be satisfied with the grading of material which you purchase. These are two most important features, and we do appreciate the fact that many mail bidders express their confidence and complete satisfaction by regularly purchasing at our Sales.
