MARCH/APRIL 1967

This Bulletin is somewhat late which is very much regretted. We have been unusually busy filling orders for coins and collectors' accessories and, as pointed out by the Financial Post, Canada's Centennial coins have brought a healthy ring back to the coin market. The Royal Canadian Mint has received orders for more than 100,000 encased sets, which it sells at \$40, and is working overtime producing the standard 1¢ - \$1 packaged sets. Orders for silver Centennial medals are also pouring in as Canadians gather enough mementos to last the next 100 years. Coin dealers, hard-pressed by last year's slump, The Financial Post writer says, are now breathing freely in an atmosphere of new interest from collectors. "People are still investing in coins, but they are building collections instead of hoarding for speculation," a Calgary dealer told The Financial Post.

We have filled an unprecedented number of orders for the regular 1967 coinage and despite difficulty in obtaining adequate quantities all orders have been filled up to May 1st. All advance orders for the Centennial silver medal and practically all orders for proof-like sets and medallion coin sets have been filled. Our main problem is getting delivery of the gold presentation sets. We have a large quantity on order for which we paid some months ago and delivery is anticipated in the not-too-distant future, also additional proof-like sets and silver medallion coin sets.

In normal times it is possible to purchase from other dealers, at a nominal markup, our temporary requirements. However, these are not normal times and wholesale prices of all special mint issue sets are far above our retail prices. Even the regular coinage must be purchased at a substantial premium and at times some denominations are in short supply.

Despite the present problem of getting delivery, I am certain that adequate quantities of the special mint issue sets and regular coinage will be made available and I strongly recommend patience on the part of collectors rather than hasty purchases at inflated prices.

59. Complete Un-cut Sheet - Champlain & St. Lawrence Railroad. This is an original un-cut unfolded sheet of six notes, 14" x 8 3/4", and of great historical and collector interest. Denominations of 7 1/2 Pence, 15 Pence and 2 Shillings 6 Pence with values in Canadian, American, French, and Spanish. The notes are dated Montreal, August 1, 1837.

The Champlain & St. Lawrence Railway was the first in Canada and commenced service July 1837. It was only 16 miles long, extending from Laprairie on the St. Lawrence to St. Johns on the Richelieu River; the forerunner of the great system of transportation that today reaches from the Atlantic to the Pacific.

Our regular price for one of these sheets is \$45.00 but due to a fortunate purchase and while present supply lasts our price is \$35.00 (\$32.50 U.S.).  
1/2 sheet (3 denominations) \$18.00 (\$16.75 U.S.).
