## HOW TO SEND ORDERS.

---

In sending orders specify the number and price of each Coin wanted.

It is impossible to keep a full line of everything, no dealer can do this. Stock is constantly changing through the daily transactions in our business. Prices quoted in our catalogue include postage, and we register letters and packages only when supplied with an additional 5 cents.

WHAT GIVES A COIN VALUE.—The age of a coin is not conclusive to establish rarity ; it is the historic interest it may possess, or the limited number struck, which will make it sought after by a large number of collectors.

CONDITION, or more plainly, the state of preservation, always *regulates the price* of a coin ; it has the greatest bearing however on the rare issues which multiply rapidly in value as they approach perfection ; this means *mint* state and positively unworn. If scratched, corroded, spotted, or stained, however slightly its value is impaired.

We can also give prices on Canadian Coins, Tokens, and Medals not in this Catalogue, from Fair to Fine condition.

A large correspondence (to which our entire time cannot be given) frequently necessitates the delay of a day or two before replying. Letters are filed in the order received, and have the earliest attention possible.
