Please enter my bids in your current sale. I have read and agree to abide by the Terms of Sale as stated and will remit promptly upon receipt of invoice for lots I purchase. I agree that;

**As a Canadian Citizen / Resident bidder**, either at the public auction or by mail bid, I will be charged the hammer price of the item plus 15% Buyers Fee and this combined amount will be subject to my Province of residence's GST or HST as applicable. On this combined amount, postage, handling and insurance cost will be added. I agree to pay the complete auction invoice before lots are delivered.

**As a Foreign bidder**, either at the public auction or by mail bid, I will be charged the hammer price of the item plus 15% Buyers Fee as long as the goods are shipped out of Canada to me. I agree to pay for the total auction invoice before lots are delivered, plus postage, handling and insurance cost.

# CONDITIONS OF BUSINESS

The conditions of business, along with all other terms, conditions and notices set out in this auction catalogue, or announced by the auctioneer, form the terms on which Jeffrey Hoare Auctions, Inc. (JHA) contracts, as auctioneer, with actual and prospective sellers and buyers. These Conditions of Business apply to all aspects of the relationship of purchase and sale of property by auction. It is therefore very important that you read these conditions carefully. By bidding or selling in this sale you agree to accept these conditions, and that these conditions shall govern all future dealings that may occur between you and JHA.

You should note that JHA generally acts as an agent for the seller. Any concluded contract of sale is made directly between the seller and the buyer. You acknowledge that JHA is dependent on the seller for much of the relevant factual material pertaining to the items offered for sale. JHA can not and does not undertake full due diligence on every item sold. Buyers therefore have the responsibility to carry out their own inspection and investigations to satisfy themselves as the nature of the items, which they are interested in buying. We specifically draw your attention to Conditions 23 through 28, which limit the extent to which the seller and JHA may be liable. We also draw to the attention of all sellers, their individual consignment receipt, incorporated herein, which sets out the relationship between the "seller" and JHA.

For the purposes of these conditions Jeffrey Hoare Auctions, Inc. is referred to as "JHA", "auctioneer", "us" or "we" and actual prospective buyers and sellers are, as applicable, referred to as "you" and "your", or "buyer" and "seller".

## Definitions of Terms:

The following terms, placed in quotation marks, shall have the meaning set out below:

- (a) "buyer" means the person who makes the highest acceptable bid or that person's pre-authorized representative;
- (b) "buyer's premium" means the commission on the "hammer price" payable to JHA at the rates listed in the auction catalogue, together with an amount in lieu of any taxes applicable to said commission;
- (c) "hammer price" means the price at which an item is knocked down by the auctioneer to the "buyer" or, in the case of postal auctions, the agreed price; in both cases excluding the "buyer's premium";
- (d) "seller" means the person or persons that have ownership of the merchandise offered. In the case of multiple ownership, each of the owners shall assume, jointly and severally, all obligations, liabilities, and representations, warranties, and indemnities as set forth in these Conditions of Business;
- (e) "seller's commission" means the amount payable to JHA by the seller at the rates applicable at the date of the sale of the property or the date of loss or damage to the property, if applicable;
- (f) "net sale proceeds" means the "hammer price" of the lot sold, less the "seller's commission" and "expenses";
- (g) "expenses" as related to the sale of items at auction means, but not limited to, JHA's charges for insurance, collection, advertising, catalogue reproduction and photography, packing and shipping costs, research, taxes and or duties or charges for other services requested by the "seller" in conjunction with the sale.

## General Conditions:

1. For Canadian residents a 15% buyers commission, plus your province of residence's GST or HST as applicable, will be added to the hammer price of each lot purchased. For international buyers, only a 15% buyer's commission will be added to the hammer price of each lot purchased. These amounts are payable by the buyer as part of the total purchase price. Lots are not shipped until full payment is received.

2. We reserve the right to withdraw or combine any lot at our discretion.
3. In conformity with Canadian Law, no coin or currency lots will be opened at less than the face value.
4. JHA reserves the right to reject any bids not made in good faith and further reserves the right to exclude any bidder from participating in its sales for any reason deemed appropriate and at our sole discretion.
5. All bidders in any JHA auction expressly waive any claim or right to an accounting, damages or compensation arising out of JHA's failure to receive or execute any bid due to exclusion, clerical error or other causes. No bids will be accepted from any person who has not signed a registration form or bidder sheet.
6. No minors may participate in our sales.
7. If you make a bid at auction you do so as principal and will be held personally and solely liable for that bid unless we have previously agreed with you in writing that you do so on behalf of an identified third party who is acceptable to us. In circumstances where we have so agreed, both you and the third party will be jointly and severally liable for all obligations arising from the bid and the third party shall be bound by the Conditions of Business by your bidding as their agent in the same way as if they were bidding personally. Agents should note that JHA's stated warranties apply only to the registered bidder to whom the lot is sold, and can not be extended to any undisclosed thirdparty. All agents are therefore advised to register their agency and principal with JHA prior to the sale. No exceptions will be granted.
8. Title to all lots remains with JHA until payment in full is received.
9. Sales tax will be collected under the law of the Province of Ontario unless a valid vendor's permit number is presented, or lots are shipped out of Province.
10. Due to Canadian Heritage laws, some of the items in our auctions may require Export Licenses if the successful purchaser requires the lot to be taken or shipped out of Canada. JHA will assist the buyer in obtaining such licenses and complying with applicable Canadian Heritage laws.
11. By placing a bid in this sale, you agree that this agreement is made in Ontario by the Auction House's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Ontario law. In the event of a dispute or non-payment, JHA may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the Courts of Ontario. If an account is referred to an attorney for collection, the buyer agrees to hold JHA harmless and indemnify for all costs of collection, including actual reasonable attorney's fees, with interest at 1.5% per month (18% p.a.) accruing on the entire amount paid. The bidder also assumes both corporate and personal liability for unpaid auction bills.
12. Successful bidders are required to pay the full invoice amount due before the lots are delivered. Previous established lines of credit, at the sole discretion of the auctioneer, may not be honored unless arrangements for this sale have been specifically agreed to, in writing, by the auctioneer. Please contact us in advance if you have any questions regarding your purchasing plans. First rate credit references or a 25% deposit are necessary to ensure entry of your bids. Any portion of such deposit not used will be promptly refunded after each sale.
13. Lot descriptions contained within the catalogue are statements of opinion only. All goods are offered with all faults and imperfections and errors of description. Illustrations in the catalogue are for identification only, and may be reduced or enlarged in size. To assist you, we may refer in a catalogue to particular faults or imperfections, but any such guidance, which we provide, does not purport to be exhaustive. You will be deemed to have knowledge of all matters which you could be reasonably expected to find out given your particular expertise

- and the exercise by you of reasonable due diligence. The failure of any third party to concur with any statement of opinion shall not be grounds for the return of any lot under Conditions 24-26.
14. Bids for the auction will be accepted by Mail, or fax until the closing date and time specified. All telephone bids must be confirmed in writing on a bid sheet.
  15. No "buy" or "unlimited" bids will be accepted. Mail bids will be opened at the next interval over the second highest bid, except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
  16. All bids must be in whole dollar amounts, this includes percentage increases. Lots will open at the next interval over the second highest bidder, or 50% of the estimate whether reserved or not. Bids of less than 50% of estimate will not generally be accepted except at the sole discretion of the auctioneer.z
  17. In the case of a tie mail bid, the first received will be given preference. In the case of a tie between a mail bidder and the floor, the mail bidder takes precedence. Fax bidders will be considered as mail bidders for the purposes of this clause.
  18. Bidders are solely responsible for checking the accuracy of their bid sheets. JHA assumes no responsibility for errors in the amount bid or lot numbers listed on the bid sheet. Please be sure that your bid sheet is signed.
  19. Postage, insurance, shipping and handling fees are added to ALLSHIPMENTS, the minimum being \$10.00. Bidders outside of Canada must supply detailed shipping instructions and agree to all terms as listed herein before shipment is made.
  20. JHA may reopen the bidding on a lot under the following circumstances:
    - (a) JHA has failed to correctly execute a mail bid;
    - (b) A party purchasing the lot on the floor has done so in error;
    - (c) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot;
    - (d) Where the auctioneer has determined that he has overlooked a party still bidding on the lot, but before the calling of the next lot;
    - (e) At the discretion of the auctioneer.
  21. In the event of a dispute, the auctioneer's decision is final.
  22. Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. JHA reserves the right to reject frivolous complaints and to take appropriate action against such bidders as defined in Conditions 4 and 11.
  23. Floor bidders may not return any lots, including those purchased while acting as agents. Those persons bidding on the floor are deemed to have inspected the lots and satisfied themselves as to the lot's authenticity, description and condition. No exceptions will be made.
  24. All claims for adjustments by non-floor bidders, for reasons of non-authenticity must be made within 5 days of receipt of the goods, but in no case later than 28 days after a sale, as JHA acts as an agent for various consignors.
  25. NO CLAIMS OF ANY KIND will be considered after settlements have beenmade. Failure of the bidder to execute this privilege within the 28 day time period, either from a failure to pay promptly or any other cause shall void the privilege. This privilege applies solely to the original purchaser and does not extend or transfer to any third party whatsoever. Any returned lot must be received in the condition it was sent out. Numismatic items must be returned in the original holder with the seal intact. Capricious returns will not be accepted.
  26. If we are notified prior to the expiration of the 28 day period that the authenticity of a lot is in question, the matter will remain open until such time that the lot in question is proven to be non-authentic to our reasonable opinion. Buyers shall be required to submit generally accepted references in support of their position. The buyer agrees that any claim shall be limited to the "hammer price" and the "buyer's premium" actually paid to JHA with regard to that lot. The buyer further agrees that the dispute may, at the sole discretion of the auctioneer, be submitted to a third party expert of the auctioneer's choosing, whose decision shall be final.
  27. No price adjustments will be made to the hammer price of a lot whether there is an authenticity question about the whole lot or any one item within the lot. The entire lot must be returned if a refund is to be made.
  28. Third party graded coins including but not limited to ICCS, PCGS and NCG cannot be returned for grading disagreement. They are sold as is. Any discrepancies in the grade should be taken up with the appropriate grading company.
  29. Terms for this sale are strictly cash and must be paid promptly in Canadian funds. Payments should be made immediately on receipt of the invoice. Payments from foreign accounts must be made in the form of a Canadian Dollar Bank Draft.
  30. As a convenience, invoices may be charged to Visa and MasterCard accounts. Please supply account number, signature and expiration date at the bottom of your bid sheet. Please note that there will be an additional service charge of 2% for using a charge card.
  31. A monthly interest charge of 1.5% is charged on all accounts 30 days past due, calculated from the date of the sale. Late payers should not expect to receive future catalogues.
  32. The same protection applicable to Jeffrey Hoare Auctions, Inc., applies and extends to each and every one of their officers, employees and consultants, unless they shall be convicted of knowingly selling false or stolen goods in connection with lots offered at auction.
  33. In the event of unsuccessful litigation the plaintiff shall pay all JHA's legal costs, and all other costs incurred by JHA in defense against such suit.
  34. JHA assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safekeeping and insurance of any items in their possession.
  35. BIDDING IN THIS AUCTION SALE CONSTITUTES FULL ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING CONDITIONS OF BUSINESS.

Thomas Herbert Williamson was born on 8<sup>th</sup> December 1896 in Toronto, Ontario and was drafted into the CEF on 9<sup>th</sup> May 1918.

## CAMPAIGN MEDALS

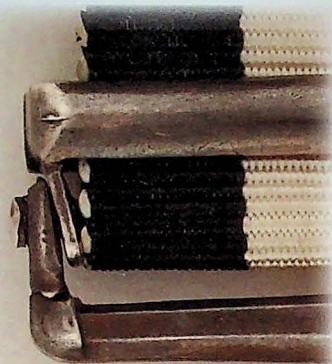

2045 Naval General Service Medal, one clasp, THE POTOMAC 17 AUG. 1814, (indented in Roman capitals: JOHN SMITH.). Small separation to right carriage upright which has been repaired (see photo). VF.

\$8000

John Smith was Supernumerary Boy 2<sup>nd</sup> Class on H.M.S. Erebus.

During the War of 1812 the British Navy sent a small naval force under the command of Commodore James Alexander Gordon up the Potomac River in order to attack Fort Washington (then known as Fort Warburton). This attack was intended as a distraction in order to allow British ground forces under General Robert Ross to enter and take Washington. Gordon's force consisted of the frigates Seahorse (38) and Euryalus (36), the bomb vessels Devastation, Aetna and Meteor each of which were armed with two large mortars and carronades, and the Rocket Vessel Erebus.

On 20<sup>th</sup> August 1814 Gordon's force began working its way up river, a difficult undertaking owing to the shallow waters and the fact that the British ships did not have any Pilots that were familiar with the navigational challenges presented by the local shoals. Because of this, the advance up-river occupied several days. Reaching Fort Washington on the 27<sup>th</sup>, Gordon opened fire on the fort with the bomb vessels. The commander of the Fort, Captain Samuel Dyson, was under orders to destroy the fort only if attacked by superior numbers of troops. Nevertheless, once the

bomb vessels opened fire with their mortars Dyson spiked his guns, blew up the fort and retreated. With Fort Washington silenced there was nothing to stand in the way of the British Force to prevent them from entering the prosperous port of Alexandria which was only a few miles further up river.

The Town Council voted not to oppose a British attack on the port. On the morning of the 28<sup>th</sup>, the Mayor of Alexandria, Charles Simms, went downriver under a flag of truce to arrange the surrender of Alexandria to Gordon's force. The 28<sup>th</sup> being a Sunday, Gordon told the mayor to return to Alexandria and he would bring his squadron up the next morning. This he did, arranging his forces so that he could command the town from one end to the other. Seeing this, and to avoid destruction of the town, the Council agreed to hand over all merchant ships, including those that had been scuttled to prevent capture as well as the merchandise contained within. In all, twenty-two merchant ships were turned over including substantial quantities of flour, cotton, tobacco, wine and cigars.

Gordon remained at Alexandria for three days, where his presence paralyzed the American government which was trying to recover from General Ross' successful attack which resulted in the burning of the Capitol and the destruction of the Washington Navy Yard. The Brig-sloop Fairy reached Gordon with orders for him to rejoin the main British Fleet in the Chesapeake under Admiral Cochrane.

Heavy rains had begun, resulting in the water level of the Potomac River being raised somewhat (also quelling the flames engulfing the Capitol), making the descent of the river somewhat easier. Gordon began his withdrawal on 1<sup>st</sup> September. Gordon's squadron encountered resistance as they sailed down the Potomac. The men of the squadron foiled two separate fire ship attacks. In the meantime, American Field Artillery had been gathered near Belvoir, Virginia on the heights where the Potomac enters a narrow deep water channel. This artillery was known as the White House Battery. Gordon's ships had difficulty in elevating their guns high enough to engage the White House Battery and took moderate damages. Gordon then ordered his men to shift the ballast in the ships so that the list would allow his guns to fire higher and after firing a heavy barrage was able to clear the battery. He then continued down river to rejoin Admiral Cochrane and the main fleet.

The delays encountered by Commodore Gordon's Potomac Squadron forced Admiral Cochrane to delay his planned attack on Fort McHenry and Baltimore. The Americans used the time wisely and strengthened the defences around the city and fort. Once Gordon's force had rejoined the fleet, Cochrane moved against the Americans. At dawn on 14<sup>th</sup> September the British naval forces began the bombardment of Fort McHenry employing the bomb vessels and their large mortars. H.M.S. Erebus and her Congreve Rockets also played a key roll. The Congreve Rockets were based upon those used by the Tippoo Sultan during the Anglo-Mysore Wars in India. They created such havoc that the Royal Arsenal began a research and development program under William Congreve. The rockets had a maximum range of around two miles but were for the most part wildly inaccurate. They were also prone to early detonation. During the battle, H.M.S. Erebus fired numerous rockets from its 32 pound battery installed below her main deck and firing through the portholes or scuppers cut in her side. The overall bombardment lasted for nearly 25 hours.

One witness to the battle was Francis Scott Key, who on seeing the oversized Stars and Stripes still flying over Fort McHenry on the following morning was moved to write the poem "The Defence of Fort McHenry". In the poem, the fifth line refers to the "rockets red glare, the bombs bursting in air" which was a direct reference to the Congreve Rockets fired during the battle by H.M.S. Erebus. The poem was later renamed "The Star Spangled Banner" and became the National Anthem of the United States in 1931.

2046 Military General Service Medal 1793-1814, one clasp, Toulouse, (impressed: JOHN CAIRNS, 71<sup>st</sup> FOOT). VF. \$1500

**CANADIAN NILE BOATMAN'S MEDAL**

2067 Egypt Medal 1882-89, undated reverse, one clasp, The Nile 1884-85, (engraved in sloping capitals: 327. BOAT: D. LECHAND. OTTAWA CONTGT.).VF. \$2400

Shown on roll as David Lechard for the medal and clasp: 169 men were in the Ottawa Contingent.

In order for Lord Wolseley to be in time to relieve General Gordon at Khartoum, he decided to send part of his troops by boat up the Nile. He needed experienced boatmen to achieve this as parts of the river were treacherous to navigate, and from his prior service in Canada he felt that Canadians would be the men to use. Advertisements were placed in Canadian newspapers resulting in 377 civilian boatmen being chosen to go to Egypt with 7 officers from the Canadian Militia under the command of Lieutenant Colonel F.C. Denison. These men became known as the Canadian Voyageurs and did their duty so well that Lord Wolseley mentioned them in his dispatch to the Secretary of State for War on 15<sup>th</sup> June 1885. The men were divided into contingents from the parts of Canada that they were recruited in.

2068 Khedives' Star 1882-91, dated 1884-6, with Tokar bar, (reverse engraved on each point of star: 1165 RYL SX T.C. REGT). Fine \$130

S.S. VOLTURNO

2144 Sea Gallantry Medal,  
George V, edge engraved: C.J.  
HORTON. "VOLTURNO" 9<sup>TH</sup>  
OCTOBER 1913, Silver, 33mm. VF.  
\$800

A.B. G.J. Horton of the Minneapolis  
is confirmed for the Silver Medal.

S.S. Volturno was built for the Canadian Northern Steamship Company by Fairfield's of Glasgow in 1906 for use in the emigrant passenger trade. The saving of most of the passengers and crew from this ship was one of the largest rescue operations ever mounted on the North Atlantic prior to the Great War. The ship was enroute to New York from Rotterdam with a crew of 93 and 561 passengers from Eastern Europe. It was also carrying a highly inflammable cargo. After an uneventful voyage, a fire was discovered in No. 1 Hold on the morning of 9<sup>th</sup> October 1913. When investigated, it was revealed to have killed 4 crewmen and set the whole of the fore-castle ablaze. Shortly afterwards, an explosion wrecked the forward part of the ship, jammed the steering gear and rendered the ship helpless in deteriorating weather. Her wireless distress calls summoned eight nearby steamers, including the Minneapolis. Initially nothing could be done due to high winds and very heavy seas. By the following morning, the weather had calmed and the rescue operations were begun. A total of 521 persons were saved. In all 103 passengers and 30 crew lost their lives, mostly in Volturno's own boats which were swamped. For this incident 78 Silver Sea Gallantry Medals were issued.

## GROUPS FOR GALLANTRY OR DISTINGUISHED SERVICE
