Believe it or not, I have just finished reading all the President's reports that I have written over the past four years. As you are all aware, elections take place in Sydney at our semi-annual meeting. After four years, it is time to get new blood into the President's chair. The reason I reread all my messages was to see if the APNA had kept pace with the times, or had we fallen behind. I honestly think we have more than kept pace. We have a very strong and successful regional organization. It is successful because we have many dedicated members who always come through when called upon. I find that most of my messages were either informing the membership of an upcoming rally, or asking for a club to host one. Obviously, someone always came through as we have had a rally twice a year-for a good number of years. Our award winning publication, THE ATLANTIC NUMISMATIST, has obviously been a very successful venture; and at this time I want to thank the three editors who published it during my term in office. Jean, Wayne, and Brian; I thank you very much. No one realizes the countless hours that you put in on each issue. To the other members of the Executive, my heartfelt thanks for your time and effort. Without your help, my term as President of this fine association would not have gone as smoothly as it did.

(Continued on next page)

PRESIDENT'S MESSAGE CONTINUED

Shortly after you receive this bulletin we will all be getting together in Sydney, on April 26th, for our Spring Rally. I do hope a goodly number will make the trek and support the Cape Breton Coin Club in hosting their second APNA rally. More information concerning **this** affair can be found on other pages in this issue. I truly look forward to seeing you all there.

Brian tells me we are running short of material to publish. So don't forget this is your bulletin, and it is only as good as the material he has to publish. Please help out by submitting an article. Advertisements are also badly needed.

Once again may I thank you all for the support you have shown me over the past four years, and I trust it will continue for the incoming executive.

COIN WEEK CANADA
APRIL 20-26 AVRIL 1986
SEMAINE DE LA MONNAIE
AU CANADA

Y. Marquis

chairman YVON MARQUIS président

Dear Fellow Collectors:

As chairman of Coin Week Canada 1986 and on behalf of the Committee members, it is with great pleasure that I invite you to participate actively in COIN WEEK CANADA 1986, which will be observed between April 20-26, 1986.

As you probably know, this national week is specially marked to promote our hobby to the general public. Your participation may be in a number of different ways: A Coin Show open to the public; preparation of a display at schools, shopping centres, or in other public places; a talk on the hobby; the publication of an article in your local newspaper; and why not, an interview on your local radio or T.V. network.

Not **only** your club can participate, but I suggest that you invite your club members to get involved in promoting Coin Week Canada. As you know, C.W.C. theme for 1986 is "COIN COLLECTING - FAMILY FUN". Don't you think it is the ideal opportunity for each of us to tell our family and our friends about the fun that we get from such a privileged hobby? Maybe they will then understand a little bit better our hobby that sometimes makes us seem "whimsical" to them and who knows, maybe they will become coin collectors too.

Your club may also organize activities for the benefit of its members: a seminar, an informal meeting, a talk, just to mention a few. Coin Week Canada occurs only once a year and we must use it as much as possible to share with others our fun in collecting coins.

This year again, our activities will have to be financed by donations from clubs and collectors. It is our only source of financement. Although we will limit expenses to a strict minimum, we need funds to pay for printing and postage. I expect your financial collaboration, even a small amount, and I sincerely thank you beforehand.

I invite you to correspond with me or with a committee member for any additional information. I also encourage you to promote and **celebrate** Coin Week Canada 1986 with dignity and enthusiasm. It is TOGETHER that we will celebrate Coin Week Canada, as the most important numismatic event in 1986.

A.P.N.A. RECOLLECTIONS by James Young

As I sit here at my desk reading the A.P.N.A. newsletter and reflect on the years which have gone by since I was introduced to the A.P.N.A. by Mr. R. Clifford, Mr. D. Kelly, Mr. A. Fairweather, and Mr. W. Turnbull in the year 1965 at the show in Saint John, New Brunswick. Little was I to know who I would meet over the years or what coin collecting or dealing in coins would have in store for me.

I am pleased to say that the most important thing about it is the people I have met throughout the years. Members of other clubs, dealers in the business (whom I can say always treated me fairly as I hope I have treated them). Special speakers who visited the shows such as Mr. Charlton, Mr. Douglas Ferguson, Mr. Donald Allen, Major S. Carrol and many others who were all very knowledgeable in the field of numismatics they spoke on. I have always been impressed with men like Geoffrey Bell, Bernie Kline, and Tim Henderson just to name a few who have done a great deal of work to keep the dream alive that the original founders had hoped would happen.

I look back and see we have grown into a respected organization (just look at our newsletter, we are at the top). I look into the future and see we will still be bigger and better as the years go by for two reasons. One being we are well organized and, second, we have the workers who will see to it that the A.P.N.A. dream will be carried on into the future. I just wish I had the time and space to write down all the friends and nice people I have met over the years because of the A.P.N.A.. Let me tell you, they stretch from coast to coast and into the U.S.A. as well.

I would like to hear someone else's comments on how they became involved in the Atlantic Provinces Numismatic Association. I am sure we can have many fine articles written in each newsletter on this topic. Best regards to all my fellow A.P.N.A. members.
