## TERMS OF SALE

1. Auction lots will be available for viewing at the designated tables at the Toronto International Coin Fair at all times prior to the auction.
2. Bids may be made in person at the auction, by mail or by telephone. Lots will be sold to the highest bidder. Mail and telephone bids must reach us in Ottawa by Wednesday, March 21st, 1984. Answering service is available to take bids (24 hrs) at 1-613-235-1916. If there are identical bids, the earliest received shall take priority.
3. There is no "buyer's premium" in our auctions.
4. For mail and telephone bidders, we will attempt to obtain lots as cheaply as possible, by the following method: bids over estimate will be reduced to the estimate, or to 10% over the second highest bid, whichever amount is greater, and will then be increased against floor bids (if any) to the limit stated. Bids below estimate are quite in order, but will not be reduced. Bids below 50% of the estimate are respectfully declined, except that unsold lots from the "Devon" portions of the auction will be offered without reserve to floor bidders attending at the auction. Large and bulky lots may also, at the discretion of the auctioneers, be offered without reserve to those attending at the auction.
5. Estimates represent our best professional opinion of what lots are likely to sell for on the open market. Most lots sell for between 70% and 120% of estimate: with a bid of 70% of estimate you have a fair chance of succeeding, with 120% you will be quite likely to succeed.
6. Unlimited or "buy" bids are accepted, with the provision that the auctioneers have complete discretion.
7. Floor bidding, and calculation of results of the auction, will be carried out in Canadian dollars. Bids expressed in other currencies will be converted to Canadian dollars at the applicable rate. Bids from customers with U.S. addresses, sent by mail or telephone, will be presumed to be in U.S. funds unless indication is made to the contrary.
8. Mail bidders may return incorrectly described or misattributed lots for full credit within 15 days of the sale. There is no return privilege on books, except with our prior permission in writing. As consignors must be paid, late remittance for lots may be cause to negate all return privileges. ALL FLOOR SALES ARE FINAL, and no returns will be accepted from floor bidders (including those acting as agents for others) for any reason whatsoever.
9. Title to all lots remains with the auctioneer until paid for in full, but they are held at the risk of the purchaser once the hammer has fallen.
10. Please check your bid sheet carefully. While we cheerfully correct our errors, we cannot be responsible for the mistakes of others.
11. Successful mail bidders may pay by money order, check, VISA or MASTERCARD. A 3.5% handling charge will be added to all credit card payments.
12. For floor bidders, terms are strictly CASH unless prior arrangements have been made to the contrary.
13. All floor bidder accounts must be paid at the auction unless prior arrangements have been made. Mail and telephone bidder accounts are due immediately. Interest at the rate of 2% per month is charged on all overdue accounts.
14. Lots delivered in Ontario are subject to retail sales tax at the current rate, unless an exemption certificate has been filed with us before the auction. Registration and actual postage charged will be charged on all lots shipped by us. THERE IS NO SALES TAX ON BOOKS AND LITERATURE LOTS. Books, etc. will be shipped book rate, not registered, unless the buyer gives specific instructions to the contrary.
15. Bidding in this auction constitutes acceptance of the foregoing terms of sale.

**LOTS MAY BE PAID FOR AND PICKED UP IMMEDIATELY FOLLOWING THE CONCLUSION OF THE AUCTION, BUT NOT DURING THE SESSIONS**

CANADIAN DECIMAL COINS PART II

"THE DEVON STOCKS"

*We at Nadin-Davis Numismatics are both fortunate and proud to have been selected as the auctioneers for the disposition of the entire numismatic inventory of Devon Numismatics of Ottawa, Ont. While the organization and cataloging of this material has been a mammoth task, we are sure that the efforts will prove worthwhile as we are able to offer an excellent selection of both dealer lots and individual coins covering the entire range of the Canadian decimal series.*

*We would like to take this opportunity to express our thanks to Mr. R. Allen Cockrem of Devon Numismatics for choosing our firm to represent him in this manner, and to convey our best wishes to him during this difficult period in which ill health has forced him into early retirement.*

UNSOLD LOTS FROM THE DEVON LIBRARY

1696. This being a mail bid section, there may be some unsold lots. You may use this lot number to place a "blanket" bid for all books on which no one else bids. For example, if you wish to bid \$5 per book on all unsold books, bid \$5 on this lot. If there are 12 books unsold, you will have purchased these twelve books for 12 x \$5, a total of \$60. Remember, please bid per book! This may be an excellent way to get some bargains and add a good few items to your library! No reserve! (estimate - \$8 per book)

A CHANCE TO PURCHASE THE DEVON LIBRARY COMPLETE

1697. This excellent library, which took years to form, is offered complete in this lot. If the highest bid received for this lot is higher than the total which would be realized by selling to individual bids from the above listing plus the bid on the above lot for the residual copies, then this one-lot bid will purchase the entire library. (\$1700)
