TERMS OF SALE

1. Auction lots will be available for viewing as follows. Dallas: all lots for this session will be available for viewing at the official auctioneers' table in the lobby of the bourse room at all times during the open hours of the Convention, until 2:15 p.m. on the day of sale. Toronto: lots will be available for viewing Thursday 6-8 p.m., Friday 9-7:15 p.m., and Saturday 9-2:15 p.m. at our tables in the bourse area. Selected lots from the Toronto portion may be available for viewing in Dallas but there will not be a general showing there. Arrangements may be made to view at our Bank, by appointment, prior to the auction.
2. Bids may be made in person at the auction, by mail or by telephone. Lots will be sold to the highest bidder. Mail and telephone bids must reach us (for Session 1) in Ottawa by 5:00 p.m. on Wednesday, November 12th, 1986. (For Toronto) by 5:00 p.m. on Wednesday, November 19th, 1986. Answering machine service is available to take bids (24 hours) at 1-613-748-9578. If there are identical bids, the earliest received shall take priority.
3. **There is no "buyer's premium" in our auctions.**
4. For mail and telephone bidders, we will attempt to obtain lots as cheaply as possible by the following method: bids over estimate will be reduced to the estimate, or to 10% over the second highest bid, whichever amount is greater, and will then be increased against floor bids (if any) to the limit stated. Bids below estimate are quite in order, but will not be reduced. **Mail bids below 50% of the estimate are respectfully declined**, except that the large and bulky lots at the end of the auction may be offered without reserve to floor bidders at the discretion of the auctioneers.
5. Estimates represent our best professional opinion of what lots are likely to sell for on the open market. Most lots sell for between 70% and 120% of estimate. With a bid of 70% of estimate you have a fair chance of succeeding; with a bid of 120% you will be very likely to succeed.
6. Unlimited or "buy" bids are accepted, provided that the auctioneers have complete discretion.
7. Floor bidding, and calculation of the results of this auction, will be carried out in U.S. dollars in session 1 (Dallas), and Canadian dollars in the remaining sessions (Toronto). Bids expressed in other currencies will be converted to the operating currency at the applicable rate. Bids from customers with U.S. addresses, sent by mail or telephone, will be presumed to be in U.S. funds unless indication is made to the contrary.
8. Mail bidders may return incorrectly described or misattributed lots for full credit within 5 days of receipt, except that: as consignors must be paid, late remittance may be cause to negate return privileges, and absolutely no returns can be accepted for any reason after the expiry of 35 days from the date of the sale. **ALL FLOOR SALES ARE FINAL**, and no returns will be accepted from floor bidders (including those acting as agents for others) for any reason whatsoever.
9. Title to all lots remains with the auctioneer until paid for in full, but they are held at the risk of the purchaser once the hammer has fallen.
10. **Please check your bid sheet carefully.** While we cheerfully correct our errors, we cannot be responsible for the mistakes of others.
11. Successful mail bidders may pay by money order, check, VISA or MASTERCHARGE. A 3% handling charge will be added to all credit card payments.
12. For floor bidders, terms are strictly CASH unless prior arrangements have been made to the contrary.
13. All floor bidder accounts must be paid at the auction unless prior arrangements have been made. Mail and telephone accounts are due immediately. Interest at the rate of 2% per month is charged on all overdue accounts, and collection charges may be added where the services of a collection agency are required to collect monies owing.
14. Lots delivered in Ontario are subject to retail sales tax at the current rate, unless an exemption certificate has been filed with us before the auction. Registration and actual postage will be charged on all lots shipped by us.

A NEWLY DISCOVERED
PRINCE EDWARD ISLAND HOLEY DOLLAR

CANADIAN ROLLS, ROLLS SETS ETC

858. Prince Edward Island, \$1 c.1812. On Mexico City 8 Reales 1805TH. About Very Fine. As is well known among our clients we have probably handled more examples of the "Holey Dollar" than the vast majority of the world's major dealers. Unfortunately there remains no sure way to certify the authenticity of any of the original pieces as compared to the contemporary merchants' copies. We have made significant headway, however, in sifting out modern copies, particularly the "dumps" which we are offered with appalling regularity. The present piece looks to us to be as good as any we have had and is offered here with our strong opinion that it is a genuine, original piece, and with our certain opinion that it is contemporary with the "coinage" of 1812 and was not made in later years. Its provenance, which can be provided to prospective bidders and the purchaser, make this the more likely. Once again we are proud to present such an historically important piece!

**AN AMAZING COLLECTION OF
CANADIAN MINT ERRORS**

We are very pleased to present a highly significant collection of Canadian mint errors in three denominations. It has been several years since a similar group was offered at public auction and this interesting area of the market now has a chance to re-establish its values. **Note:** condition of all pieces is BU, with allowance for defects caused by the error process, unless otherwise noted

Canada 1¢ Mint Errors

887.	1977, struck on undersized copper planchet (for foreign coin)	(\$70.00)
888.	1978, double struck. The first strike is 100% on planchet, second 5%!	(\$70.00)
889.	1978, double struck. The first 100% on planchet, the second 15%	(\$70.00)
890.	1979, struck on nickel planchet for 10¢ piece	(\$70.00)
891.	1979, another as last. Weakly struck	(\$70.00)
892.	1979, another as last, but well struck	(\$70.00)
893.	1979, another as last	(\$70.00)
894.	1979, another as last	(\$70.00)
895.	1979, another as last but well struck	(\$70.00)
896.	1980, in copper. When this piece was struck, a second coin lay 25% inside the dies, creating an incuse crescent design covering 1/4 of the reverse. A form of partial brockage. EF	(\$70.00)
897.	1980, struck on nickel planchet for 10¢ piece	(\$70.00)
898.	1980, a multiple error. This coin was at least double if not triple struck, brockaged at least once, then caught 85% off-centre on its way out of the press. Looks not too good but really a piece for the error detective!	(\$70.00)
899.	1981, struck on nickel planchet for 10¢ piece	(\$70.00)
900.	1981, another as last	(\$70.00)
901.	1981, another as last	(\$70.00)
902.	1981, another as last	(\$70.00)
903.	1981, struck on under-sized copper planchet (for foreign coin)	(\$70.00)
904.	1981, another as last	(\$70.00)
905.	1982, partial brockage. The second coin cuts 45% into the reverse	(\$70.00)
906.	Indeterminate date. (Pre-1981) Partial brockage, the second coin 50% intrusion into the reverse	(\$70.00)
907.	Indeterminate date. (Pre-1981). Similar to last, but second coin 85% coverage of reverse design with incuse obverse	(\$70.00)
908.	Indeterminate date (Pre-1981). This piece should be seen. We are unable to determine the error process, but can describe it as follows: the planchet is properly edges, but has no design save on an elongated 45% of the obverse, which has a partial portrait. Presumably an error which involved at least three planchets in the press at the same time	(\$70.00)
909.	Indeterminate date (Pre-1981). Struck 90% off-centre	(\$70.00)
910.	Indeterminate date (12-sided planchet, post-1981). Partial brockage, the second coin 50% into reverse of first	(\$70.00)
911.	Another, similar to last	(\$70.00)

Canada 5¢ Mint Errors

912.	Indeterminate date, struck on nickel 10¢ planchet	(\$70.00)
913.	1978, struck on nickel 10¢ planchet	(\$70.00)
914.	1978, another as last	(\$70.00)
915.	1980, struck on copper 1¢ planchet!	(\$70.00)
916.	1980, another as last	(\$70.00)
917.	1980, another as last	(\$70.00)

A FABULOUS COLLECTION OF CANADIAN TRADE DOLLARS IN SILVER

No-one needs to be told of the remarkable success story of the Canadian trade dollar! Starting as a little-known and little-understood area of collecting, it was identified by a handful of researchers and dealers as an interesting, affordable alternative to decimal coinage and quickly became a sensational area of the numismatic marketplace! Books were written, articles published on new issues, and at a time when numismatic activity was nearing an all-time low in Canada, trade dollars were in their heyday. Interest continues at an extremely strong level, and a few major collections have been traded intact at mind-boggling prices: to national institutions, private investors, and others anxious to capitalize on the splendid opportunity afforded by the frantic activity produced in this field.

Never before, so far as we know, has a major collection of trade dollars in silver been offered at public auction. We are proud indeed to offer just such a collection, representing all 10 Canadian provinces and both territories. While it is difficult to estimate the prices these will bring, it is worth pointing out that the mintages of many are extremely low, sometimes only 10 or 15 pieces. Numbering on the rims of some pieces attests to the small number of pieces originally available, and even less probably are able to return to the marketplace today. We tentatively estimate, however, that most prices realized should fall within the range \$20 to \$100. There may be some surprises!

We do urge our clients with continuing interest in exnumismatics not to miss this important opportunity to add significantly to the "silver trade dollar" portion of their collections: another chance may not come for many a decade!

SESSION 3: TORONTO

Saturday, November 22nd, 1986, at 2:30 p.m. sharp

WE PROUDLY PRESENT

THE "VIENNA" COLLECTION

(and other fine consignments)

We are extremely pleased to present, in what we believe to be a numismatic "first" for Canada, our third session, devoted totally to ancient coins.

The coins offered here are widely varied, universally attractive and of good grade, and were virtually all collected with the "portrait" in mind as the primary feature. For this reason the obverses, or portrait sides, of all coins are featured in the photographic plates.

A little background. While we have chosen a single name for this portion of the auction, the major component actually comes from two collections: one from Germany, the other formed in Vienna, Austria over a long period: starting in 1907 and ending, approximately, in 1985!

It is rare for one to have the opportunity of bidding on such a comprehensive range of ancient coins in a Canadian auction. We wish you every success and do hope your participation will be such as to encourage other owners of fine ancient collections to consign to us!

Every successful bidder in this portion will receive, free of charge, Plate 4, Brutus, from our limited edition fine art print series of Roman Imperial Profiles (value \$8.00). Only 50 are available for the first 50 bidders (mail or floor).

COMMISSION STRUCTURE

WE DO NOT CHARGE A "BUYER'S PREMIUM" IN OUR AUCTIONS. WE FEEL THIS PRACTICE IS MISLEADING AND DEFINITELY SERVES TO DECREASE, RATHER THAN INCREASE, YOUR PROCEEDS FROM AN AUCTION SALE.

- Lots selling for \$100 or less, plus all medals, numismatic literature, large and bulky lots: 25% of the net selling price
- Lots selling for \$500 or less, but more than \$100 - 15%
- Lots selling for over \$500 - 10%.
- Minimum charge per lot - \$5.00.

We undertake the entire cataloging, description, grading and estimating of lots, and group where necessary in our experience to provide better results or more attractive presentation. We will catalog and auction a complete collection, accumulation or estate, or selected single lots according to the preference of our clients. Cheques for proceeds are mailed within 45 days of the date of the auction.

SHIPPING MATERIAL TO US FOR AUCTION

Registered Mail For values under \$1000, we recommend registered mail. While insurance is provided only up to a maximum of \$100, we have never yet lost a registered package within North America.

Courier For larger shipments, we recommend the use of courier (Purolator within Canada, Federal Express from the U.S.A.). We can provide insurance for your shipment. Courier packages should be sent to Paul Nadin-Davis, c/o Toronto Dominion Bank, 303 Rideau St, Ottawa Ontario Canada. Immediately upon shipping telephone us with the waybill number and amount of insurance required. We will confirm. Shipments over \$25,000 please check with us before shipping; we will probably ask you to use air freight over this amount. Customs documents attached should read: Numismatic items for expertise: Value N/A.

Air Freight Can be used for larger shipments from anywhere in the world. Many airlines, especially CP Air, provide excellent insurance but if you have problems contact us and we will arrange your shipment from our end, including insurance through our worldwide transfer company.

In Person Of course you are welcome to deliver consignments to us in person, at our Ottawa location or while we are attending our many shows and Conventions throughout the world. Where necessary we will travel ourselves to pick up valuable or special consignments, worldwide.

- Please contact us today to discuss consigning your collection -
