### TERMS OF SALE

1. Auction lots will be available for viewing as follows. **During all opening hours of the Convention**, up until 15 minutes prior to the commencement of each session. Arrangements may be made to view at our Bank, by appointment, prior to the auction.
2. Bids may be made in person at the auction, by mail or by telephone. Lots will be sold to the highest bidder. Mail, telephone and telex bids must reach us in Ottawa by 5:00 p.m. on **Wednesday, March 18th, 1987**. Answering machine service is available to take bids (24 hours) at 1-613-748-9578. If there are identical bids, the earliest received shall take priority.
3. **There is no "buyer's premium" in our auctions.**
4. For mail and telephone bidders, we will attempt to obtain lots as cheaply as possible by the following method: bids over estimate will be reduced to the estimate, or to 10% over the second highest bid, whichever amount is greater, and will then be increased against floor bids (if any) to the limit stated. Bids below estimate are quite in order, but will not be reduced. **Mail bids below 50% of the estimate are respectfully declined**, except that the large and bulky lots at the end of the auction may be offered without reserve to floor bidders at the discretion of the auctioneers.
5. Estimates represent our best professional opinion of what lots are likely to sell for on the open market. Most lots sell for between 70% and 120% of estimate. With a bid of 70% of estimate you have a fair chance of succeeding: with a bid of 120% you will be very likely to succeed.
6. Unlimited or "buy" bids are accepted, provided that the auctioneers have complete discretion.
7. Floor bidding, and calculation of the results of this auction, will be carried out in Canadian dollars. Bids expressed in other currencies will be converted to the operating currency at the applicable rate. Bids from customers with U.S. addresses, sent by mail or telephone, will be presumed to be in U.S. funds unless indication is made to the contrary.
8. Mail bidders may return incorrectly described or misattributed lots for full credit within 5 days of receipt, except that: as consignors must be paid, late remittance may be cause to negate return privileges, and absolutely no returns can be accepted for any reason after the expiry of 35 days from the date of the sale. **ALL FLOOR SALES ARE FINAL**, and no returns will be accepted from floor bidders (including those acting as agents for others) for any reason whatsoever.
9. Title to all lots remains with the auctioneer until paid for in full, but they are held at the risk of the purchaser once the hammer has fallen.
10. **Please check your bid sheet carefully.** While we cheerfully correct our errors, we cannot be responsible for the mistakes of others.
11. Successful mail bidders may pay by money order, check, VISA or MASTERCHARGE. A 3% handling charge will be added to all credit card payments.
12. For floor bidders, terms are strictly CASH unless prior arrangements have been made to the contrary.
13. All floor bidder accounts must be paid at the auction unless prior arrangements have been made. Mail and telephone accounts are due immediately. Interest at the rate of 2% per month is charged on all overdue accounts, and collection charges may be added where the services of a collection agency are required to collect monies owing.
14. Lots delivered in Ontario are subject to retail sales tax at the current rate, unless an exemption certificate has been filed with us before the auction. Registration and actual postage will be charged on all lots shipped by us.
15. Bidding in this auction constitutes acceptance of the foregoing terms of sale.
16. Lots will be sold at a rate of approximately 200 lots per hour.
16. **LOTS MAY BE PAID FOR AND PICKED UP APPROXIMATELY 15 MINUTES AFTER THE CONCLUSION OF THE AUCTION SESSIONS, OR THE FOLLOWING MORNING, BUT NOT DURING THE AUCTION SESSIONS.**

**PRICES REALIZED WILL BE PUBLISHED IN A FUTURE AUCTION CATALOGUE OR FIXED PRICE LIST.**

The Union Bank of Halifax

- \*217. \$5, 1895, Essai. Banknote collectors will quickly realize that no issue was made by the UBH in 1895. However with the discovery in Europe of this essai comes proof that such an issue was contemplated. We are pleased to offer this unique artist's essai for the \$5 issue of 1895: the condition is Good VF though there is a single long split to the left side. The whole is mounted on card (as normal for essais and many proofs) thus ensuring the preservation of its current state. Not only is this essai historically important but also it is extremely beautiful. Careful examination will reveal hand-coloured additions by the artist in the design shop. Had this note been issued it would undoubtedly have been the most beautiful of the issues of this bank, and potentially the most beautiful of the Maritime notes. It will form the highlight of any collection of Atlantic Canada material! original \$780 (\$3500.00)

A COLLECTION OF EARLY CANADIAN MEDALS, ITS SIZE AND SCOPE  
BEING OF INESTIMABLE IMPORTANCE

There follows, with great pride on our part, our catalogue of a collection of approximately 400 early Canadian medals cataloged according to LeRoux, "The Canadian Coin Cabinet". As we are aware that many of our collectors are at least as familiar as ourselves with this series, we have not included much of the descriptive detail which is normally included in catalogs of medals. Instead, we have used the latest computer technology in order to generate what we hope and believe to be the best possible format for conveying necessary information on the pieces offered.

For those wishing to enter this field, but feeling that here are inadequate details of the actual appearances of the medals, we recommend our 1984 abridged reprint of LeRoux's work, "The Canadian Coin Cabinet". Now called "Canadian Medals", it is available from us in paperback at \$15.00 postpaid, and an accompanying price guide may be purchased for an additional \$10.00. We shall of course be happy to try our utmost to answer any further questions clients may have concerning this collection: we do urge those with particular interests in the medal field not to miss this rare opportunity!

Some lots contain more than one medal. Where this is the case, we have for convenience listed each medal on a separate line. Though this may result in the use of a little more space than necessary it will, we believe, be helpful to clients using our 1984 price guide as a checklist for their collections.

The following abbreviations are used:

## AUCTION CATALOGUES

Following our usual tradition, this major literature portion of our sale will be conducted with mail and floor bidders participating, but the lots will not be physically present at the auction. Instead, they will be shipped to successful floor purchasers by the very inexpensive "Bookrate" available to us.

Unless otherwise noted catalogues may be assumed to be in VF or better condition, but with some wear to the covers. Intermingled with these catalogues are a few fixed price lists issued by auction companies and other numismatists. These are indicated by the abbreviation fpl where appropriate.

### CANADA

Although we are pleased indeed to be able to present a modest offering of Canadian catalogs here, it is worth noting that in the late 19th and early 20th century the vast majority of sales of important Canadian material were in fact conducted in the U.S.A. We draw your attention to the excellent offering of U.S. Sale catalogs below, which contains many items of consuming importance to Canadian numismatics. This rapidly developing area of numismatic interest is very alive at present and this may be a "last chance" to acquire many of these items at sensible prices!
