LIST # 24: FEBRUARY 1983

Dear clients and friends:

Welcome to our 24th monthly list, one that we are particularly proud of. In this list you'll find probably our widest variety yet of desirable world numismatic item, with some slight differences of organization. Special features of this month are on world paper money, some really neat world proof and unc sets, many in silver, and a neat selection of **British exnumia**, from historical medals to Conder tokens and model coinage. Besides the special features there is an extensive alphabetical list of world coins, tokens, medals and paper money, with plenty of **Canadian and Newfoundland** material for those whose tastes are closer to home!

We shall as usual be attending all the major Canadian shows this year and many in the U.S. and Europe. The following list is the shows at which we know we will have a table - please come by and visit with us!

() 100 Dinars 1.5.1941, EF 1.00
 () Set of 6 "workingcamp" notes, 1-100 dinara. AFTER WWII work camps were set up for prisoners of war and quislings. In those camps paper notes were in circulation, issued by the Ministry of the Interior of the Yugoslav Government. The camps were called "industrial and trade organizations" because the prisoners living in them had technical and expert knowledge. The money used in those camps was not legal tender outside, nor was it in circulation outside the camps. The winding up of the camps, whose life was short, put an end to the money circulating in them, and most of the notes were destroyed. We present a group of six, with the 50 and 100 denominations hand-signed by the camp commander. 54.00

**CROWNS, MINORS, TOKENS
AND MEDALS OF THE WORLD**

Welcome to our uniquely-designed listing of world crowns, minors, tokens and medals, including of course those of our homeland, Canada. As stated earlier, the list is set up to be used as a convenient order form. In addition, catalog prices as well as our prices (virtually always lower, of course) are given wherever possible. The first price next to each coin (in brackets) is the current catalog or "trends" price. At the right of the column you'll see our price. Organization of the material in this listing is by country, alphabetically - for example, you'll find Czechoslovakian medals, if we have any, under Czechoslovakia; you'll find Canadian dollars under Canada, and you'll find U.S. trade dollars under U.S.A. Crowns are marked with an asterisk (*) preceding the description. Enjoy!
