LIST # 26 - APRIL 1983

Dear Friends and Customers:

Business is well! Our visits to various coin shows (five in four weeks) have left us in absolutely no doubt as to the currency of a revival in the world coin market. Canadian decimal is still a little slower, so we've taken the opportunity to pick up some really choice items with significant future potential. Check the Canadian listings.

March saw us clearing out a very great deal of material, and acquiring a number of collections. Watch out particularly for a fantastic new collection of British hammered, several really neat crown-size coins from the **German States**, several nice world collections offered intact, a new offering of **Masonic pennies**, and more, more, lots more!

Our next mail bid sale will be mailed at the beginning of June, as list 28. We are now accepting consignments at the commission rates printed in the front of Auction #6 - please advise in writing first.

Finally, these are our shows for the next while - QUEBEX, Mount Royal Hotel, April 15-17, Montreal; TOREX, Toronto, May 13-15; I.N.S. (Washington D.C.) June 17-19. We hope to see you at one of these shows: later we will attend the A.N.A., Hong Kong International and N.I.C.E. (Dallas).

Good luck and good hunting

Paul & Su

SOME MAGNIFICENT COLLECTIONS

Very occasionally, it is our pleasure and privilege to offer complete collections for sale through our price-lists. Such was virtually the case with the Vanier Collection of Canadian trade dollars and related exnumia.

We are proud to offer this month a group of no less than five FAO albums, all complete. These albums were released, in numbered, limited quantities, to collectors for the purpose of storing the special coins issues by nations around the world for the benefit of the United Nations Food and Agriculture Organization.

Many of these coins are today exceedingly difficult to obtain; to complete the sets piece by piece takes years if it is possible at all. The only sensible way to purchase the coins is in completed sets.

ALL COINS OFFERED IN THESE COLLECTIONS ARE IN BU OR PROOF CONDITION!

AND MEDALS OF THE WORLD**

Welcome to our uniquely-designed listing of world crowns, minors, tokens and medals, including of course those of our homeland, Canada. Catalog prices as well as our prices (virtually always lower, of course) are given wherever possible. The first price next to each coin (in brackets) is the current catalog or "trends" price. At the right of the column you'll see our price. Organization of the material in this listing is by country, alphabetically - for example, you'll find U.S. medals, if we have any, under U.S.A: you'll find Canadian dollars under Canada, and so on. Crowns are marked with an asterisk (*). Enjoy!

GREAT BRITAIN: Proof Sets

We feel that the official proof sets offered in this century by the British Royal Mint represent the very best way to collect recent British issues. The earlier sets, of course, are scarce in their own right and offer a host of numismatic properties including rarity, investment potential and beauty. We really do recommend G.B. proof sets as an item of growing scarcity and a source of collecting pleasure. Here are prices for our current stock:
