LIST 27 - MAY 1983

Dear Friends and Customers:

Summer is close, and with it the slightly quieter numismatic season. Not to be daunted, we've put together here a neat listing of some new purchases from the spring season - heavy as usual in nice early British, medieval European, some nice Canadian and Newfoundland decimal, and lots of unusual and un-findable pieces from around the world. As you'll see too, we've not forgotten our exonumismatic friends!

Our June list will be a bumperspecial auction - auction number 7. Be prepared for a grand selection of better world coins and lots of tokens, medals, numismatic books and bulk lots. The auction closes just a few days before the C.N.A. in Moncton - we'll be there with our wares, and are looking forward to a grand time! In the meantime, watch out for us at the following shows, where we will have tables:

TOREX (Toronto Harbourfront, May 12-15)
INS (June 17-19, 1983, Washington, D.C.)

Our office will be closed in honour of a family event (of which more later) June 26 through July 18. We'll still be here, but basically taking a rest we think we'll have earned by then. This list, then, is good for seven weeks anyway - plenty of time to order to fill those gaps in the collection!

Next FPL (fixed price list) will be mailed first week of August, with our new C.N.A. purchases, some European consignments, hopefully a collection of ancients, and much, much more. Keep in touch!

Best wishes

Paul & Su

WONDER COIN !

It is rare to find any Edward VII Canadian Half dollar in BU condition.

Choice-Gem BU coins are almost unheard-of.

Few of those known have pretty toning.

The 1905 is the toughest date of the Edward series in most grades, especially VF or better.

We are pleased to offer a 1905 Canada 50c, in Choice-Gem BU condition (strictly, the reverse is Choice-63, the obverse Gem-65), the finest known of this date and one of the five finest known Edward 50 pieces. Well struck, the obverse particularly nicely toned.
