Possessions.

United States, Foreign and British Medals, including British and Canadian Coronation and Jubilee Medals; Roman Medals, Siam 17th Century Bullet Money, Canadian Tradesmen's Tokens as per P. N. Breton catalogue of 1894; miscellaneous Canadian Tokens; and Foreign, Canadian, British Tokens in mixed lots. Books and Catalogue on Medals and Coins.

## NOTICE

Should you fail to find anything in your "want list" in this mail bid catalogue, please be so kind as to pass the catalogue on to your friends so that they may have the opportunity of reading it and sending in their bids.

Thanking you in advance for your co-operation.

**BERT KOPER**

## CONDITION OF SALE

Please read Sale Terms before bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on are asked not to bid.

The cataloguer has taken special care and pains in describing each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned unless the bidder submits his case in writing within 30 days of date of the sale.

Coins, Tokens and Medals are sold at so much per lot, and no lot will be separated. You cannot buy a few pieces out of a lot, but must buy all of the lot.

Where two pieces are listed in a lot there are two pieces, and where 5 or 12 pieces are listed, there are 5 or 12 pieces, so make your bid per lot, except where the lot contains one piece, there is only one piece.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time must give Bank or other reliable references. Kindly forward your bids as early as possible, as thousands of bids have to be entered.

Please do not make ridiculously low bids on Foreign Silver Coins worth several times over bullion.

Write your bids plainly with pen if possible. Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy, as we cannot correct such errors. A charge of 5% will be made to cover packing and shipping, but where parcels are bulky an additional charge will be made. No charge made for bidding, except for the lots actually purchased.

Remit by Money Order or Bank Drafts.

If any further information is required as to valuation of lots, please write cataloguer.

BERT KOPER.

## SPECIAL NOTES

The enclosed list is a very nice variety of Coins and Medals of the world, and special care has been taken in fully describing each item, including the classification.

Collectors are respectfully asked to be careful to bid on the right lot, as we are not mind readers and do not know the lot wanted unless marked and entered properly on our bid sheet.

Terms are strictly cash. Lots bought must be paid for promptly.

Collectors unknown to us must send in Bank references or a small deposit, so don't fail to send your bids.

Auction sales are strictly for cash. Parties unknown to us must furnish satisfactory references or remit 25% deposit of amount bid.

**MY NEXT SALE WILL BE IN FEBRUARY, 1939**

## **THE CANADIAN NUMISMATIC ART SOCIETY**

**Publishers of "Canadian Coin Topics"**

**NOW READY**

Get your back copies with your next subscription.

The Canadian Numismatic Art Society has now published a second monthly magazine describing Canadian Coins and their rarity. The contents of the first issue cover rare data and history of Canadian Coins, such as "From Wampum to King's Gold," relating to the monetary system of Early Canada and United States. It describes the real media of exchange, particularly in Canada and the State of New York. Other articles of great interest are included, such as Coins of Greece, England, etc., and descriptions of die varieties and patterns of Canadian Coins which are very seldom brought to the attention of collectors.

You will like this magazine, and especially its contents.

A very fine comment was received from the American Numismatic Society of New York, and we are assured that you also will benefit by subscribing to this wonderful publication.

The following outstanding and leading Numismatists are contributors of very fine and interesting articles on coins: Dr. A. B. Baird, A.N.A. member, on "Coins of Greece"; Prof. H. S. Seaman on "From Wampum to King's Gold"; Prof. A. R. Prince on "Canadian Die Varieties of Coins, 1858 to 1920"; Mr. Sheldon S. Carroll on "English Tokens," and several other leading Numismatics.

Subscription fee is \$1.00 per year. Should you wish to become a member the fee is \$1.50, and this covers subscription to the publication as well.

By subscribing now we can supply you with last August issue as well.
