## GUIDELINES FOR MAIL BIDDERS

Mail Bidders are a valued part of our auctions, and for this reason we wish to give some tips on bidding strategies in order to make them more successful in winning lots in our sales. They are as follows;

**I). Read the Terms of Sale** thoroughly, and be aware of the Correct Buyer's Premium applicable to you. Also if G.S.T. and Provincial Tax apply. What are the MINIMUM handling and shipping fees (\$10.00) as well as return privileges and late payment charges.

**II). Read and sign your Bid Sheet,** include your phone and fax number. Unsigned bid sheets **will not** be considered. If it is believed that a significant bidder error has been made, we will attempt to verify a bid by phone before the closing date.

**III). Tie Bids** are often received in mail bids. Our policy is to award the lot to the earliest postmarked bid. Also considered are those clients who pay their accounts promptly. **Always mail your Bid Sheet as early as possible.** You may also fax us your bids anytime 24 hours a day at (519) 473-1541.

**IV). Our Estimates** are to be used as guides only. It is a poor strategy to bid at low levels on numerous lots, and little success is achieved with this method. Needless time is spent to process these unlikely bids, and Auction firms have learned the practice is counterproductive and lessens the professional credibility of the bidders. **Lots bid under 50 % of the value or estimate are not recorded;** lots under 75% have little chance in bidding competition. Please review your financial circumstances carefully before bidding.

**V).Do not be afraid to bid over estimate** if you feel a lot is worth it. We find that most tie bids occur on lower priced items. Where possible, lots are purchased for mail bidders below their maximum bids. Once a sale has been called, we cannot increase your bid. We will always try to purchase the lot for you as inexpensively as possible.

**VI). Always recheck your bid sheet.** It assists the auction firm if the bids are listed in numerical order. Mistakes can be avoided and processing is easier.

**VII). If you are interested in purchasing just one lot** of a type where several similar types are offered, indicate this with special instructions. Just bracket those bids and mark "one only" or "alternate."

**VII). Should you wish bidding to stop** for you when a certain total has been achieved we can generally do this by entering your bids in the bid book at the close, or have one of our assistants represent you from the floor. *We can also recommend an independent agent who will bid for you from the floor for a modest fee.(See Table of Contents Page)*

**IX). If you want a percentage increase** on all lots, indicate this in the box on your bid sheet. We suggest that if you only want to do this on one lot or a few lots then asterisk (\*) the lot(s) and asterisk the applicable percentage increase box.

**X).** Depending on facilities and personnel, it may be possible to arrange telephone bids with the client, to compete with the mail bids and floor bidders. **There is only one telephone available.** Such arrangements usually are for a single item or grouping of items.

**XI). Become a subscriber.** This will insure that you will receive catalogues and prices realized by timely first class mail. The prices realized can be a useful study guide for future bidding or purchases. It can also indicate areas where prices are declining or increasing and helps one to evaluate similar pieces in a collection. *(Our current subscription rates are: Canada \$30.00; US A and World U.S.\$ 30.00 .)*

By following the above suggestions you can have an enjoyable and successful time bidding by mail in our auctions. **Should there be any questions about lot descriptions, Terms of Sale, bidding procedures or estimates, please call us at (519) 473-7491 during regular business hours which are 9 a.m. to 5 p.m. EST, Monday through Friday.**

# Jeffrey Hoare Auctions Inc

Dear Collector;

Once again we would like to thank you for your support and patronage in the 1996 auctions, whether you were a buyer or a consignor.

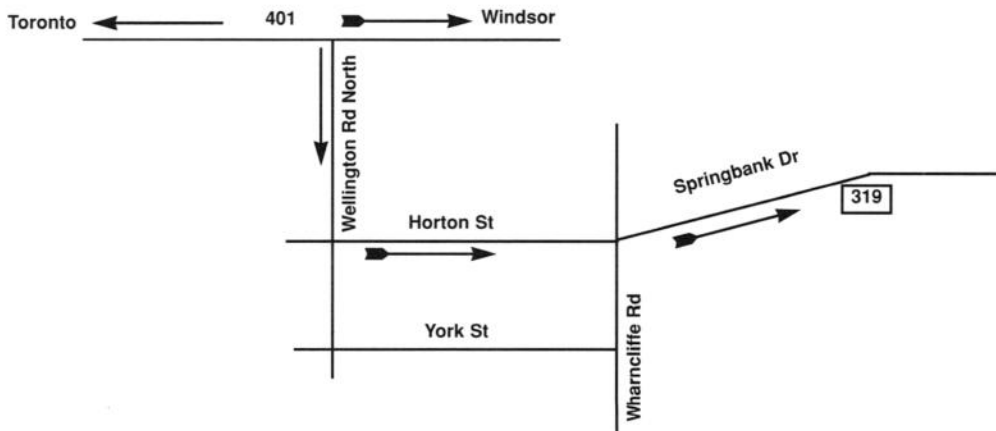

We are very pleased to announce the move of our Auction House to a new, easier accessed, London location in January 1997. We would also like to take this opportunity to wish Bill Merkley and his wife Deborah much success as the new sole owners of London Coin Centre, which will remain at the old location.

Our new premises are located in a single storey building, with our own parking at the front entrance available for clients. As we are the only occupant it means we now have room to expand, as well as ample space to accept and store larger and varied collections whether Numismatic or Military. Our new address, telephone and fax number are above, and a small map showing how to get to us in London is below.

Our office hours will be Monday to Friday 9.30 a.m. - 5.00 p.m., Saturdays by prearranged appointment only.

All 1997 show schedules have not been arrived at yet, but here are the ones we know we will be attending if you wish to discuss consigning or the pick-up of your collection;

Major General Samuel Peters Jarvis C. M. G. born in 1820 at Queenston, Upper Canada into a proud soldiering family ( his father, also Samuel Peters Jarvis, having taken part in the War of 1812 as a Lieutenant in the Canadian Militia had received the Military General Service Medal with the FORT DETROIT clasp). Young Samuel Peters was educated at Upper Canada College in Toronto. Served as a volunteer in the 1837-38 Rebellion in Canada, being Commissioned as Ensign in the Royal Canadian Rifle Regiment in 1845. Later exchanged to Her Majesties 82nd Regiment, which was stationed in Canada at that time. He is credited with an article on the 'Historical Record of the 82nd Regiment or Prince of Wales's Volunteers in 1886. During the Indian Mutiny he commanded three Companies of the 82nd Regiment at the Relief of Lucknow in 1857. Back in Canada he became Deputy Adjutant-General of Military District # 3 in Ontario. Jarvis commanded the Ontario Rifles during the Red River Expedition of 1870 and was awarded his C. M. G. on this occasion. He saw further service in the Zulu Uprising in 1879, subsequently becoming Commandant-General of Colonial Forces at the Cape of Good Hope. Eventually rose to the rank of Major-General. Died in 1914. Toronto Public Library will doubtless have much more information on his distinguished military career

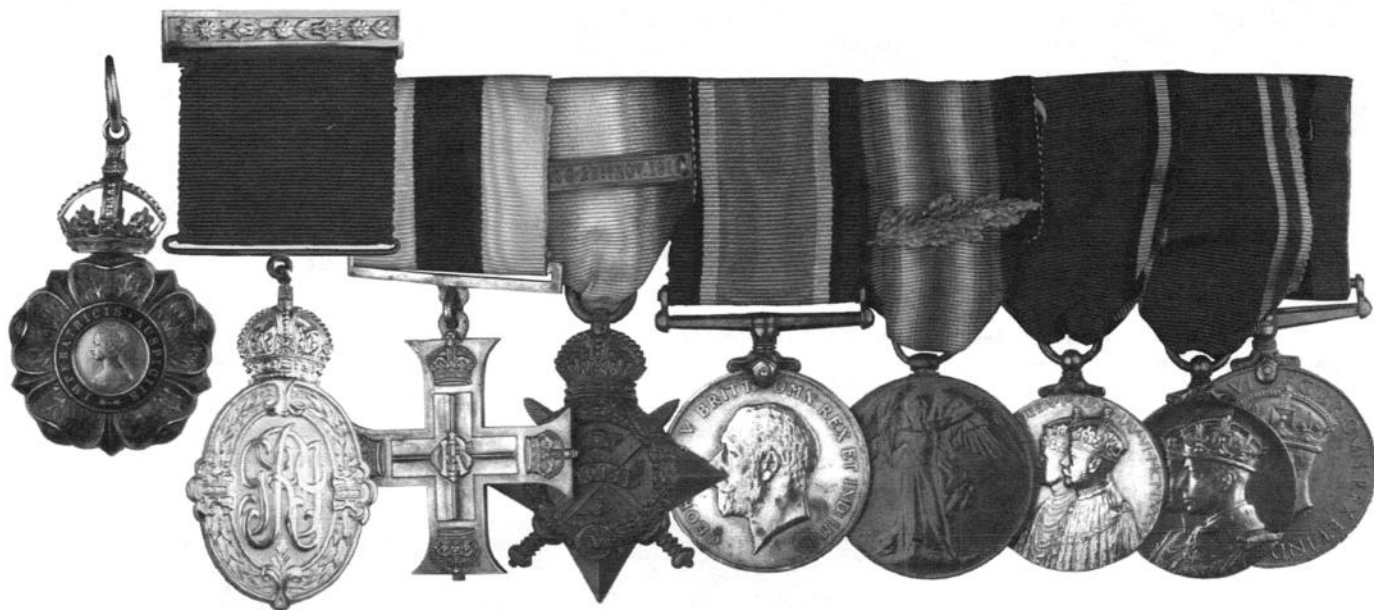

Confirmations of his medals are enclosed with lot. It is of interest to note that his Red River Fenian Raid medal was one of those engraved in England.

Photograph, and a 52 page book about Prince are sold with this lot. The book *Thomas George Prince* by D. Bruce Sealey and Peter Van de Vyvere is part of a series "Manitobans in Profile"; it covers this brave mans life from official records and from anecdotal remarks of those who knew him. A few quotes- 'Canada's most decorated Indian soldier', 'His most famous exploit was at Anzio beach-head where the Special Service Force spent 90 days of hell', Prince, acting alone, ran a wire 1500 metres into enemy territory,' - 'communications ceased' ' Prince shed his uniform, donned some clothes the farmer had left in the house, and ran out into the yard in imitation of those many Italians who had persisted in staying home and tending their small farms— acting as an angry peasant, he shook his fists and shouted imprecations at both German and at the Canadian-American lines—picked up a hoe, as if to weed— found the broken wire and stooping as if to fasten his shoe spliced the wire, weeded the field working his way back to the farmhouse' 'the Devil's Brigade had advanced—' Prince, accompanied by a private, sneaked through the German lines' — 'picked them off'—The French commander recommended Prince for the Croix de Guerre, but the courier was killed and the message never reached de Gaulle' "The King pinned the Military Medal on his chest, then, on behalf of President Roosevelt of the United States, pinned on the Silver Star. In Korea—Prince's bravery was beyond question, his C.O., Major Flint, had doubts about Tom in two regards. First, although he admired bravery, he felt Tom took too many chances,—and tried to restrain him, secondly , he was concerned about his physical condition—Sgt Prince seemed in pain when climbing' Prince was also at Kapyong Gateway—Hill #677 with the PPCLI when they won the US Presidential Citation.
