GOODS AND SERVICES INFORMATION

Effective 1st January, 1991 the Government of Canada has implemented a new 7% Federal Tax for the whole of the country. This is called the Goods and Services Tax (G.S.T.) and as suggested by its name the majority of goods, as well as service industries are subject to this tax. This means that not only would the purchase price of a coin attract 7%, but also our commission.

However, in order to still offer our very supportive customers a worthwhile and competitive service we have decided to raise our buyers charge from 10% to 11.5% inclusive of all G.S.T. This fee would be charged to all buyers, whether foreign or domestic. The only exception to this would be marked in our catalogues with an ARROW→ following the lot number thus-

35→ Florin, 1936, KM-27 P.C.G.S MS-65. \$250.00

These lots would be charged an additional 7% of the price realized, if purchased by a Canadian resident, but not if purchased by someone outside of Canada. Our 11.5% buyers fee, on these lots, would not be subject to the 7% tax.

Please note that there are SIXTY-ONE such ARROWED→ lots in this Auction

To simplify this for all non-Canadian residents who purchase from us, all lots in this and future auctions will now be charged 11.5% buyers fee, not 10% as in prior years, plus the normal postage and handling charges. Please call for further clarification if you have any queries.

TERMS OF SALE

11) An 11.5% buyers charge, inclusive of G.S.T. will be added to the hammer price of each lot purchased and is payable by the buyer as part of the total purchase price. The exception to this will be **ARROWED** lots (→) purchased by Canadian residents, who could pay an additional 7% G.S.T. of price realized. Lots are not shipped until payment is received.

12) We reserve the right to withdraw any lot prior to sale.

13) In conformity with law, no coins or currency lots will be opened at less than the face value.

14) Bids by mail, telephone or fax will be accepted until the closing date and time specified. All telephone bids must be confirmed in writing on a bid sheet. Bids are treated as follows:
LIMITS.

15) No "Buy" or "Unlimited" bids will be accepted. Mail bids will be opened at the next auction over the second highest bid, except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.

16) In the case of a tie mail bid the first received is normally given preference. In a tie between a mail bidder and the floor, the mail bidder takes precedence.

17) All bids must be in whole dollar amounts; this includes percentage increases.

18) Postage, insurance and/or handling fees are added to ALL SHIPMENTS. Out of Canada bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made.

19) Jeffrey Hoare Auctions reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion. Generally bids below 50% of estimate will not be accepted.

20) A bidder in any Jeffrey Hoare Auction expressly waives any claim or right to an accounting, damages or compensation arising out of Jeffrey Hoare Auction's failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. All bids will be accepted from any person who has not signed a registration form or a bidder's check.

21) Check your bid sheets carefully. We cannot assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.

22) No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.

23) Successful bidders are required to pay the full invoice amount before lots are delivered. Previous established lines of credit, at the sole option of the auctioneer, may not be honored unless arrangements for this sale have been specifically agreed to in writing by the auctioneer. Please contact us in advance if you have any questions regarding your purchasing plans. First rate credit references or a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after each sale.

24) Title to all lots remains with the Auction House until payment in full is received.

25) By placing a bid in this sale, you agree that this agreement is made in Ontario by the Auction House's entry of your bid, and that disputes concerning the agreement shall be resolved by the application of Ontario law. In the event of a dispute or nonpayment, the Auction House may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in courts of Ontario. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest at 1 1/2% per month (18% p.a.) accruing on the entire amount paid. The bidder also assumes both vicarious and personal liability for unpaid auction bills.

16) Sales Tax will be collected under the law of the Province of Ontario unless a valid vendor's permit number is presented, or lots are shipped out of Province.

17) Jeffrey Hoare Auctions may reopen the bidding on a lot under the following circumstances: (i) The Auction house has failed to execute correctly a mail bid. (ii) A party purchasing the lot on the floor has done so in error. (iii) Where a protest is made after the hammer has fallen, but before the bidding has commenced on the next lot. (iv) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. (v) At the discretion of the auctioneer.

18) In the event of a dispute the auctioneer's decision is final.

19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made to a bidder.

20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. The Auction House reserves the right to reject frivolous complaints and to take appropriate action against such bidders under paragraph 9 and 15 above.

21) All material offered is guaranteed genuine, unless otherwise stated, and as described. Careful examination has been made of every lot by experts. Cataloguing errors will be promptly and cheerfully corrected.

22) Floor bidders may not return any lots including those lots purchased while acting as agents, except for non-authenticity.

23) All claims for adjustments by other bidders, for reasons of non-authenticity or improper description, must be made within five days of receipt but in no case more than 28 days after a sale. As the auction house acts as an agent for various consignors, NO CLAIMS OF ANY KIND can be considered after settlements have been made. Failure to execute this privilege within the 28 day period, either from a failure to pay promptly or from any other cause shall void the privilege. Any returned lot must be in original holder with seal intact.

24) If we are notified prior to our settlement date that an opinion of condition alteration or authenticity is being sought, the matter will remain open until such opinion is rendered.

25) 1 1/2% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former bidder. Late payers should not expect to receive future catalogues.

26) In the event of unsuccessful litigation the plaintiff shall pay all the Auction House's legal costs, and all other costs incurred by it in defense against such suit.

27) The same protection applicable to Jeffrey Hoare Auctions apply to each and every one of their officers and employees, unless they shall be convicted of knowingly selling false or stolen goods.

28) Jeffrey Hoare auctions assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

29) Terms of this sale are strictly cash and must be paid promptly in Canadian Funds. Payments should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in a Canadian Dollar Bank Draft.

30) As a convenience, invoices may be charged to Visa or Mastercard accounts. Please supply account number, signature and expiration date at the bottom of your bid sheet.

31) Third party graded coins such as ICCS, PCGS and NCG, cannot be returned for grading disagreement. They are sold as is. Any discrepancies in the grade should be taken up with the appropriate company.

32) BIDDING IN THIS AUCTION SALE CONSTITUTES FULL ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.

Albert Schneider, Canadian Olympian by Chris Faulkner

Appropriately enough, Canada's very first Olympic gold medalist in boxing Albert Schneider, was born on Canada Day (then Dominion Day), 1897, in Cleveland, Ohio. The Schneider family came to Canada in 1906 when Bert's father took a job with a Steel company in Montreal. Bert Schneider learned to box while a student at the Montreal Commercial and Technical High School. After service in the Merchant Navy during the first World War, Bert resumed boxing at the Casquerre Boxing Club Montreal where he was trained by the great Eugene Bresseau. He next joined the Montreal Amateur Athletic Association, where he won the club welterweight title in the spring of 1920.

And, in fact, 1920 was to be the climax of Bert Schneider's career. Following his club championship he went on to win the championship of the City of Montreal, the Dominion of Canada amateur title for welterweight (which he won another time as well), and then the Dominion Olympic finals. From there it was on to Antwerp, Belgium, and the site of the 1920 Olympics.

The 1920 Olympics were the post-War Olympics. Despite the ravages of war, Belgium was determined to stage a spirited Games. Almost 3000 athletes from twenty-nine countries took part. The defeated nations were not invited and the Soviet Union declined to participate. The boxing competition was held in the third week of August. On the 22nd, Schneider defeated Thomas of South Africa in a preliminary bout, and on the 23rd he fought Steen of Norway and Colbert of the United States. The Montreal Gazette reported that Schneider was "clever and won handsomely."

The welterweight (147 lbs.) boxing final was scheduled for August 24, Schneider fourth match in three days, when the Canadian would go against Ireland of Great Britain. This is how the Gazette reported the matchup in its edition of August 25:

"The pair fought cleverly, and at the conclusion of the bout the Judges decided that the men were evenly matched on points. The boxers were sent on for the extra time and at the end the decision fell to the Canadian."

Schneider not only fought four times in three days, he had to fight an extra round in the final before coming away with the gold medal. The Globe and Mail heading read SCHNEIDER WINS FOR CANADA, while the Gazette trumpeted BERT SCHNEIDER WON FINAL BOUT/MONTREAL BOXER RECEIVED DECISION IN OLYMPIC WELTERWEIGHT CLASS / WENT EXTRA ROUND. The Gazette also went on to provide an account of Schneider's talents:

"Bert Schneider is one of the best welterweights ever developed in Canada and has followed closely on the record made by Eugene Bresseau previous to the latter's making the jump to the professional ranks. Schneider won the championship of the M.A.A.A. early in the spring.

He followed up that victory by winning the title in the Montreal City amateur competition, and later won the Dominion title from a good entry at Ottawa, being forced to go through three bouts to earn the honors. Later on he won the Dominion Olympic finals in hardy fashion.

Schneider is not only a boxer but an all round athletic. He is a member of the championship polo team of the Montreal Swimming Club, while he has earned honors in speed swimming events during the past two or three seasons."

And, one might add, Schneider was also a capable diver and a skier. He never lost a bout as an amateur boxer. After his success as an Olympian, Bert Schneider turned professional and fought some 90 bouts until his retirement from the ring in 1928.

In the ensuing years, until 1960, he worked for the United States Department of Immigration. Then he retired in the Montreal area, eventually moving to the state of Washington.

There exists about 15 seconds worth of film of Bert Schneider from a Fox news reel preserved in the Moving Image and Sound Archives in Ottawa. Although it probably dates from 1920, it doesn't show Schneider in the ring but shows him being awarded a medal (perhaps his City of Montreal championship medal) among a group of dignitaries. The ceremony was obviously arranged for the camera, since it ends with a group shot of Bert amid a number of other men. While the others in the crowd are talking to one another, are distracted or look away, Schneider stands still, not an especially tall man, but solid looking, with a large head and neck; confident, smiling, easy, but not arrogant. In The Winged Wheel for March 1976 in a feature on Albert Schneider, "John" Dudgeon wrote that Schneider was "always in condition, lighting fast, a solid puncher. He had the ideal physique for a boxer, powerful arms and shoulders and slim legs"

Albert Schneider was elected to the Canadian Sports Hall of Fame, Canadian Boxing Hall of Fame, and the Amateur Sports Hall of Fame. His crowning achievement was the Olympic Gold Medal in 1920.

BOUT DE L'ISLE TOKEN

- 1033 Bout de L'Isle token. From Lachenaie to Isle Bourdon. Cheval. Br. 534. EF, clipped as usual. A really nice coin, as good as I've seen. \$600.00

The legend has it that this series (Br. 534-537) is almost always clipped as the tollkeeper was illiterate. He had them so marked in order to differentiate between these and the tokens for the other two bridges. Breton (1894) presents a wonderful study on the history of the bridge. His father, Francois, made a drawing of the bridge from an original model, and the book also contains a topographical map showing the location of the bridges. The tokens have the distinction of being the earliest North American transportation tokens and are the first metallic tokens for Canada.

WEIR & LARMINIE ENCASED POSTAGE STAMP.

- 1039 Weir & Larminie encased 10 cent postage stamp. Br. 568. Casing is VF, mica is worn and scratched. \$1000.00

The partnership was not one of long standing. Larminie was a bookkeeper on Dorchester St the year prior to his association with William Weir. By 1863 or 1864 the partnership had become dissolved and Weir continued under the name William Weir & Co.; Larminie had either died or left Montreal. William Weir is a name that should be better remembered by numismatists, having been one of the leading advocates of a decimal system for Canada. In 1870, his suggestion of valuing the copper bank tokens at 2 cents for the penny, and one cent for the halfpenny, was adopted, although Hincks, the finance minister, had originally recommended that they be valued at half that rate.

- 1047 Belleville bouquet-sou, Br.687, Ch-32A. EF, edge nick, corrosion spot in U of UN on Rev. A very nice coin, nevertheless, and a variety that is undated, particularly in such high grade. Lot 2202 at Torex Sale 13 at \$121. \$100.00

- 1048 Dr. Picault bouquet-sou, Br.689, Ch-LC-43. copper restrike, as are all but one or two brass originals. Struck with collar, therefore an issue of the Numismatic & Antiquarian Society sometime between 1890 and 1893 when 36 pieces were struck in copper. AU slight damage below N of MONTREAL. Torex Sale 11 lot 1230 at \$165. \$250.00

The dies for this coin were discovered in the cellar of Dr. Picault's establishment on Notre Dame and Bonsecours St. in Montreal in 1863. Dr. Picault's son presented them to the Society who had a few specimens struck off in lead by the jeweller, Hendery, prior to the collar being added. Dr. Picault came to Montreal from France about 1833. As his Doctor of Medicine degree obtained in France was not at that time accepted in Canada, he taught French literature in order to earn his livelihood. He appears to have been something of a patron of the arts, for one of his compatriots, Laurent Vevant, an artist, was exhibiting his paintings at Picault's pharmacy in 1851. His pharmacy which was originally on St. Lawrence near Craig till 1847, was but a block from the premises of Jean-Marie Arnault, the French engraver of bouquet-sou, Br.672, 673, 674 and Br.716. It is a tantalizing thought that Arnault was responsible for engraving the dies of this sou, but the workmanship is very different, and if there was an Arnault involvement, it would simply have involved the striking of the pieces.

BOSTON SOU

- 1049 So-Called Boston bouquet-sou, B.690, Ch-LC-44. A non-contemporary sou, probably struck for a collector. copper A.U. lustre. Torex Sale 6, lot 1245, at \$357. \$350.00

The coin is first recorded by Sandham in 1869, having not been noted by Boucher (1863). Bowman stated "about the year 1908, Thomas Elder of New York obtained an obverse die almost identical, with the one used for this token. He caused a number of pieces to be struck with it in various metals and showing a variety of reverse inscriptions.

- 1050 Belleville bouquet-sou. Br. 691. Ch-LC-27A1. The Obverse of the coin appears to be double-struck at GR; the second C of COMMERCE is double-cut at bottom, and is joined at center; the B is open at top; the coin is struck from a rusted die. Rev. from broken die, as usual. EF, nice. \$75.00

These last four coins, and the few bouquet-sou following, have always been claimed as having been struck in Birmingham. In an article entitled NOTES CONCERNANT LES BOUQUETS SOUS & HABITANTS TOKENS in the Transactions of the Canadian Numismatic Research Society for Jan., 1965 - the inaugural issue - J. J. Prenoveau presented evidence that is difficult to overlook. His claim was that the bouquet-sou of the Bank of Montreal, and therefore all other die-linked coins, i.e. Br. 706-714, were imported from New York (actually Belleville, N.J.). Prenoveau's article, in part, quotes from the POPULAIRE for the 5th of July, 1837: "The banks of this city are expecting from New York a quantity of good coin with full value for an amount of 1,250 pounds which constitutes more than a half a million pieces. We invite our fellow Canadians to appreciate fully this real value, and to estimate this value enough not to let it go out of circulation. Besides this temporary assistance, 5,000 pounds in pieces of penny and half penny were ordered minted in England". A half million Bank of Montreal bouquet-sou is more in line than McLachlan's estimate of 144,000 for the pieces (Br. 713, 714). Furthermore, a comparison of the lettering shows striking similarities in the case of the Belleville and so-called Birmingham bouquet-sou that it is difficult to believe that the groups were not produced by the same manufacturers. A renewed study of the series is in order in an attempt to die-link some of the letter punches which would add further support to the theory that the place of issuance was Belleville, not Birmingham.

- 1059 Lot Bank of Montreal bouquet-sou: Br. 713, Ch-LC-2A2. C.9, VF; Ch-LC-2A3. C. 10, EF; Br. 714, Ch-LC-3A1. C.3, VF-EF; Ch-LC-3A1. C.5, VF-EF; Ch-LC-3A4. C.6, Fine; Ch-LC-3A5. C.7, VF; Br. 716, Ch-LC-4A2. famous rebellion sou by Arnault, VF 7 pcs. \$100.00

- 1060 Bank of Montreal bouquet-sou, Br. 714. Ch-LC-3A4. C.4. AU, wonderful surface, indeed the Rev. appears to be "proofy". Certainly underdescribed in Torex, Sale 13, lot 2228. \$200.00

- 1061 Banque du Peuple bouquet-sou, Br. 715. EF & the scarce "Hart" variety with open wreath on Rev. VF, or better. This coin normally comes in good or very good condition - even then uncommon - lending to the belief that physical coin wear was responsible for this open wreath variety. Indeed, it is a coin like this that forever silences those that dispute the legitimacy of it being a true variety. Additionally, the thickness and weights of the two coin differ substantially. The "Hart" var. is thinner by about one third, and the weight is 7.24 grams as opposed to the closed wreath variety at 8.85 grams. Fred Bowman's classic on the bouquet-sou calls the Hart variety the one with top leaves touching, an Obvious typographical error. Hart var. sold at Torex, Sale 13, lot 2232 for \$330. This may be the best one I've seen. 2 pieces. (second only)

\$400.00

- 1062 Sim. plain edge, a rarity. Torex, Sale 13, lot 2233, realized \$327. (see note in that sale). \$350.00

- 1063 Fred Bowman's original printing blocks for his famous monograph on the bouquet-sou. There are sixty double blocks (Obv. & Rev.) and three copper plates with the cross-reference. The blocks were made from Fred Bowman's hand drawings which are more accurate than those used in Breton and Leroux. The work was originally published in the Numismatist in the issues of July to Nov., 1963, and was reprinted in the C.N.A.J. issues of Jan. & Feb., 1963. \$600.00

UPPER CANADA

- 1064 Leslie twopenny, Br. 717. Ch-UC-3. VF-EF, 3mm. stain in upper right Obv. field, below CO., Obv. rim bump, but an otherwise very clean piece in a much better than average grade. \$275.00

This famous coin has suffered from a certain unpopularity these last years. Much has been written about it, the date, and the naming of Toronto on the coin, having been discussed at length in the numismatic literature. Perhaps the most important aspect of the coin is Leslie's connection with the rebel, later to be called reformer, William Lyon MacKenzie. They had come to Canada together in 1820, joining in business selling books and drugs. The coin therefore has a very direct association with the famous MacKenzie. The Dictionary of Canadian Biography has a substantial entry on James Leslie (Vol. XI).

There are two varieties of this rare coin, not previously described. The first (this coin) is on a lighter flan, and has what can be termed a close S, meaning the lower part of the S is close, almost touching the middle downstroke. This coin weighs 5.03 grams (77.60 grains), consistent with the two like specimens in the famous New Netherlands 60th Sale (Dec.3,4,1968) which weighed 77.75 grains, and 77.35 grains respectively. Two other specimens were offered at the aforesaid sale, all were illustrated - and they were what can be called the far S variety. They also differed in weight, being heavier; the first, lot 112, weighed 90.55 grains; the second, lot 113, was 86.10 grains.

ERROR NOTES

INVERTED ERROR NOTES

INVERTED ERROR FACE DESIGN

- 1164 Twenty-Five Cents, 1870, Plain, DC-1c. There is a straight line crease vertically 1/4 inch from the left end and two other barely visible minor creases otherwise clean and choice. This is the second type invert with one rotation and should be called "Inverted Face Design". One of a recently cut pair. It has no established price. EF+. See Front Cover \$2,000.00

The inverted 1870 Twenty-Five Cent Notes have only been noticed recently (last ten years). The first one we know of came from a prominent Florida dealer in the late 1960's. There are two types. We will assume the printing sequence to be face tint (green 25's) first, back design second and face black design last, the sheets being dried between each printing. The commonest type so far is that with the back 180 degrees rotated from the face and face tint. This means the sheet was rotated after the first step. Then the back printed, then the sheet again rotated to get the face design upright again. Thus two rotations are required. The second type has the face 25 green printed, then the back printed, then the sheet was rotated once to get the black face design inverted. Probability would indicate this second type with one rotation should be commoner. This is not the case to date.

INVERTED BACK DESIGN ERROR

- 1165 Twenty-Five Cents, 1870, Letter B (large) DC-1b, some small brown stains at left end, Fine. This is the first type (see preamble) where the sheet had to be rotated twice leaving the back design inverted in relation to the face tint and face design. Roughly five to six known. All but one in VG to Fine. Rare. \$500.00

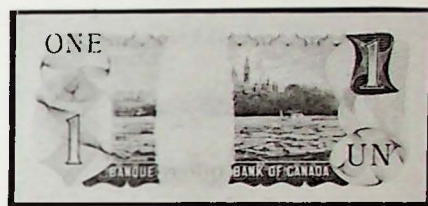

CUTTING ERROR

- 1166 One Dollar, 1937, Gordon-Towers, EM4407000, BC-21c. Top of note close cut and part of bottom note attached, abt. Fine, scarce. \$75.00
- 1167 Dollar, 1954, A/A2908610, Coyne-Towers devil's face issue, BC-29a. Close cut at bottom and right hand side part of next note to right; Dollar, 1973, MR7210499 and NW7315307, pair of miscut notes. All Fine, 3 pcs. \$80.00

RARE MULTICOLOUR MISMATCHED SERIAL NUMBERS

- 1168 Five Dollars, 1972, Lawson-Bouey, BC-48b, SE0821001 at left SE2821001 at right. First numeral mismatched - very rare in multicolour notes. UNC. \$150.00

- 1169 One Dollar, 1973, Lawson-Bouey, AF9015499. A one inch wide almost white streak vertically down the centre of the back, probably caused by another piece adhering to the back during printing and then falling off. Unusual, EF. Rare. \$125.00
- 1170 One Dollar, 1973, Lawson-Bouey, AS1691185. The note was misaligned for the engraved face printing, shifted lower, leaving white area over the Queen's head. Also the serial numbers, though printed in correct position, ended up on the top Bank of Canada panel. There is also a light strip in the tint between the note and the above note that is very lightly printed. Quite unusual and rare. \$125.00

UNUSUAL CUTTING & FOLDING ERROR

- 1171 One Dollar, 1973, Lawson-Bouey, FS3273818. After the face tint colours were printed the lower left corner was folded back and the green back tint printed over part of face tint, the note then folded again before being cut. Small corner cut off is attached with tape. This evidently bottom note on the sheet as colour code dots are also present. Very spectacular when unfolded. Rare. \$150.00

A COLLECTION OF
SCARCE BANK OF CANADA VIGNETTES

In the ABN Co. Christies Sale there were about ten of each die proof sold in the combined lots, except for Laurier which had roughly twenty-five. Also a group of fifty assorted was sold as lot 638. The ten sold with proofs will not likely be sold off separately. The group of fifty did not contain all 12 different but were mostly George V, Princess Elizabeth, Duke of Gloucester and Sir Wilfred Laurier. There were no extras for the Two Dollar, Five Dollar, Ten Dollar, Twenty-Five Dollar, Fifty Dollar or Five Hundred Dollar. Some of the individual die proofs came in two formats, on horizontal card and on vertical cards, the horizontal being in the majority. In a few cases the die proofs were found without the die number and vignette name, etc., these are very scarce. A few also came without the CBN Co. copyright engraved inside the bottom circle of the die proof. These are also very scarce.

- 1174 One Dollar, 1935, H.M. King George V die X-V-114 with copyright in vertical format. Slight bump (crease) at top left corner, otherwise pristine condition. \$100.00

- 1177 One Dollar, 1935, H.M. King George V, in horizontal format. It has name die number, etc., but does not have the copyright. The word "copyrighted" is written in pencil in the bottom right corner. On the back at the top (order No.) 0-793, Appd 8-9-34 and under date 7-12-34 written in pencil. Small corner tip crease, otherwise choice. \$100.00

- 1180 One Thousand Dollars, 1935, Sir Wilfred Laurier die No. X-V-117 (Wilfred should be Wilfrid). Horizontal format without copyright. Small corner crease top right, otherwise pristine. \$100.00
- 1181 One Thousand Dollars, Laurier as last lot but "Wilfred" has been changed to Wilfrid by carefully excising the three bars on the letter E. Has no copyright and is horizontal format. Slight corner crease at top right (as many of these die proofs do), also "copyrighted" written in pencil at bottom right. Otherwise choice condition. \$100.00

- 1182 One Thousand Dollars, 1935, similar to last lot with E changed to I in Wilfrid. This type has the copyright engraved under portrait. The Canadian Bank Note Co. Ltd. imprint is a little light. Die proof in vertical format. Small tear and crease along right edge (could be cut off) otherwise choice. Only one of this type available \$100.00

- 1183 One Thousand Dollars, 1935, Laurier die proof in vertical format but without name or die number etc. and without copyright engraved. A slight fold in bottom right corner where X-V-117 is written in pencil. At top "For Approval" stamped in red but crossed out with pencil.
