Feb. 1968

In recent issues of two numismatic publications, we made the offer of a free bulletin to all interested collectors and dealers. This is our first effort and it is anticipated that a similar listing will be made available on a monthly basis.

The decimal coins offered (many from recent C.N.A. auctions) are from a collection recently purchased and consist of several desirable items, which we are sure will enhance many a coin cabinet. Those interested in foreign coins, bank notes and gold coins will find many rarities listed.

Of the 1968 coins offered only the 25¢, 5¢ and 1¢ pieces are available at present, other denominations and the proof-like sets will be shipped as soon as these are received from Ottawa.

As in some cases only one item listed is in stock, it will be appreciated if substitute coins or bank notes are requested.

Our terms are:

CASH OR CHEQUE WITH ORDER.

IF PAYMENT IS MADE IN U.S. FUNDS, 7% MAY BE DEDUCTED FROM THE TOTAL.

ONTARIO RESIDENTS MUST ADD 5% SALES TAX.

ALL ORDERS ARE SHIPPED PREPAID AND INSURED IF \$10 OR MORE, IF LESS, PLEASE ADD 50¢ FOR HANDLING.

ALL ITEMS SOLD ARE FULLY GUARANTEED AND MAY BE RETURNED FOR FULL REFUND WITHIN 5 DAYS.

NOTE: Orders for gold coins from U.S. residents cannot be filled unless accompanied by an import permit issued by the U.S. Treasury Dept.

ARC ADE COINS

137 Yonge Street

Toronto, 1, Canada

A/C 416 368-6655/6

March, 1968

The response to our first monthly bulletin exceeded our expectations. Over 500 requests for the free coin list were received and these continue to arrive daily. This has proved to us that such a medium of advertising is by far the most effective.

The 1966 10¢ pieces are now in stock; orders for this denomination are now being filled. 50¢ pieces and \$1 coins, together with the proof-like sets and dollars are yet to arrive.

In our endeavour to diversify our monthly listings, you will find items dissimilar to those listed previously, in our second bulletin. All items listed for sale were in stock at the time of mailing.

Prices for the 1967 dollars and fifty cent pieces and proof-like sets continue to rise daily. We do have a few rolls and sets in stock, but have not included these in this listing due to the daily fluctuation in prices. Those wishing to acquire 1967 coinage should write for a firm quotation.

As in some cases only one item listed is in stock, it will be appreciated if substitute coins or bank notes are requested.

Our terms are:

Cash or cheque with order.

If payment is made in US funds, 7½% may be deducted from the total. Ontario residents must add 5% sales tax.

All orders are shipped prepaid and insured if \$10 or more; if less, please add 50¢ for handling.

All items listed are fully guaranteed and may be returned for full refund within 5 days of receipt.

NOTE: Orders for gold coins from US residents cannot be filled unless accompanied by an import permit issued by the US Treasury Department.

FREE WITH EACH ORDER: 1968 proof-like set order form.

CANADIAN 1968 BR. UNC. Coinage

It is advantageous to order 1968 coinage now as the early strikes from new dies are the best. And a change to nickel 10¢ and 25¢ pieces will be made later this year. The Mint has promised delivery of the Proof-like sets and P.L. Dollars in April but it will probably be later. Our orders have been placed and deliveries will commence as soon as coins and sets are available.

All coins are selected specimens from bag shipments.

AT ARCADE COINS

137 Yonge Street

Toronto 1, Canada

A/C 416 368-6655/6

April, 1968

Rolls of 1968 coins, especially the .500 silver 10¢ and 25¢ have been in heavy demand. This no doubt is due to the intended change to pure nickel coins later this year, and the anticipated low mintage of both denominations.

Toronto banks will not supply more than one or two rolls of 1968 coins to collectors or dealers. Bags of 1968 coins, although in the banks' vaults, are not available to numismatists.

We are now accepting advance orders for 1968 proof-like sets and dollars. As announced earlier, these sets will contain 5 nickel coins and the 1¢ in copper and should prove to be very popular. This issue will be Canada's first set in pure nickel, the start of a complete new series in our decimal coinage. Both the \$1 and 50¢ coins will be reduced in size.

The mint has promised delivery of our orders for sets and dollars for early April. Those ordering from us will receive their shipments on a first come first served basis, as soon as deliveries are made to us.

At a date not yet announced, the mint will release the 1968 dollar in a special presentation case to mark the 60th anniversary of the Royal Canadian Mint.

Our terms are:

CASH OR CHEQUE WITH ORDER

IF PAYMENT IS MADE IN U.S. FUNDS, 7½% MAY BE DEDUCTED FROM THE TOTAL.

ONTARIO RESIDENTS MUST ADD 5% SALES TAX.

ALL ORDERS ARE SHIPPED PREPAID AND INSURED IF \$10 OR MORE: IF LESS PLEASE ADD 50¢ FOR HANDLING.

ALL ITEMS LISTED ARE FULLY GUARANTEED AND MAY BE RETURNED FOR FULL REFUND WITHIN 5 DAYS OF RECEIPT.

NOTE: Orders for gold coins from U.S. residents cannot be filled unless accompanied by an import permit issued by the U.S. Treasury Dept.

COIN SUPPLIES BY MAIL

A catalogue has been prepared to assist you in ordering the most popular coin and stamp collectors' supplies. The catalogue which is fully illustrated and contains 44 pages of the latest numismatic accessories, is available for 75¢. The price of the booklet is refundable on your first order of \$10 or more.

Orders over \$25 will be shipped prepaid - and can be filled more promptly if the terminology and numbers used in the catalogue are used.

REDUCED 50%

ARCADE COINS

137 Yonge Street

Toronto 1, Canada

A/C 416 368-6655/6

May 1968

More interest has recently been shown in proof-like sets 1961 to 1967. This is due no doubt, to the low prices asked for by dealers across Canada. As an example the 1965 Pfd. 5 set which was issued at \$4.00, now retails at \$3.50.

Sets issued in 1961 and 1962, those with brilliant cents have recently shown an increase in price, due to their scarcity. The price of the 1961 set is now \$15.00 and is expected to rise again.

We wish to thank our collectors of ancient coins for the tremendous response to the listing of Greek and Roman coins in our March bulletin. A further selection, recently purchased, is being offered this month.

Due to the summer vacations, no 'Pink List' will be issued for the months of July, August and September 1968. The June bulletin will feature a collection of gold coins together with military medals and decorations.

As in some cases only one item listed is in stock, it will be appreciated if substitutes are requested.

Our terms are:

- Cash or cheque with order.
- If payment is made in U.S. funds, 7% may be deducted from the total.
- Ontario residents must add 5% sales tax.
- All orders are shipped prepaid and insured if \$10 or more; if less please add 50¢ for handling.
- All items listed are fully guaranteed and may be returned for full refund within 5 days of receipt.

NOTE: Orders for gold coins from U.S. residents cannot be filled unless accompanied by an import permit issued by the U.S. Treasury Dept.

All denominations of the 1968 coins in the proof-like sets, except the cent, will be made of pure nickel. All coins for general circulation, except the cent, will also be made of pure nickel. However, until vending machines are converted to take the nickel coins, the 10¢ and 25¢ denominations will be made of 50% silver. For this reason, present orders will be filled with the 50% silver 10¢ and 25¢ pieces. We will fill orders for these denominations in nickel later in the year, when they are released.

June 1968

Gold coins were first struck by the ancient Greeks in about 700 B.C. and since have been issued by almost every major mint that has come into existence. The interest in gold, be it in the form of coins or otherwise, far exceeds that of any other metal, since gold alone can offer the security sought after by man.

The recent increase in the price of gold has created great interest in coins struck in the precious metal. The price of common gold coins has risen sharply as demand by collectors and speculators has increased.

In this bulletin, we offer a fine collection of gold coins from more than thirty countries. Included are the \$10 and \$20 pieces recently issued for the Bahamas Govt. Full sets containing the \$100, \$50, \$20 and \$10, were sold out on the day of issue. The price of the Unc. set today is more than double the issue price.

Also presented is a collection of military medals and decorations, sold complete with ribbons and encased in suitable snap-lock foam cushioned cases.

U.S. collectors should have no difficulties in obtaining a permit for gold coins dated prior to 1936, from the U.S. Treasury Dept., Office of Domestic Gold and Silver Operations, Washington, D.C. 20220.

Our terms are: Cash or Cheque with order.
 If payment is made in U.S. funds, 7% may be deducted from the total.
 Ontario residents must add 5% sales tax.
 All orders are shipped prepaid and insured if \$10 or more; if less, please add 50¢ for handling.
 All items listed are fully guaranteed and may be returned for full refund within 5 days of receipt.

NOTE: Orders for gold coins from U.S. residents cannot be filled unless accompanied by an import permit issued by the U.S. Treasury Dept.

September 1968

We are pleased to inform all our customers that we have received the 1968 Proof-like sets and Proof-like dollars. Orders for these items are being, or have already been shipped. Uncirculated pure nickel dollars and 50¢ pieces, although in the local banks, have yet to be released.

The highlight of the 1968 C.M.A. convention (Calgary July 16-17-18) was the 3 session, 2000 lot auction. It was noted that while high bids were recorded for collector's single coins in top condition, many desirable coins were bought at bargain prices. We can supply 'Prices-realized' on the sale at \$1 per copy.

At the bourse tables, Victoria, Edward and Geo. V silver coins in VF or better condition were 'snapped up' as one dealer described the action; an indication that our hobby has returned to its normalcy.

Our monthly bulletin, which is now being mailed free to many collectors and dealers, has passed its growing pains, but some recipients of our efforts have yet to make a purchase through the list.

At the end of this bulletin you will find an application for renewing your 'Free Subscription' to the Pink List. If you would like your name to remain on our mailing list, please complete the form and return it to us by October 7th. Failing to submit the form by the given date will indicate that you are not interested in the list and your name will be removed from our files. The completed form will also serve to correct your mailing address, in case we have it recorded incorrectly.

Our terms are:

- * CASH OR CHECK WITH ORDER.
- * IF PAYMENT IS MADE IN U.S. FUNDS, 7% MAY BE DEDUCTED FROM THE TOTAL.
- * ONTARIO RESIDENTS MUST ADD 5% SALES TAX.
- * ALL ORDERS ARE SHIPPED PREPAID AND INSURED IF \$10 OR MORE: IF LESS, PLEASE ADD 50¢ FOR HANDLING.
- * ALL ITEMS ARE UNCONDITIONALLY GUARANTEED AND MAY BE RETURNED FOR FULL REFUND WITHIN 5 DAYS OF RECEIPT.

NOTE: Orders for gold coins from U.S. residents cannot be filled unless accompanied by an import permit issued by the U.S. Treasury Dept.

KASSIM of IRAQ medal. Issued to commemorate the revolt of July 14th, 1958. The medal was forced upon the Iraqi public @ 1 Dinar(\$3.00) per medal and a large quantity was issued. Upon the assassination of Kassim several years later, all owners of the unwanted medal were ordered to hand in their copies for the melting pot. A few specimens did find their way to North America and I have been given to understand that now it is illegal to even possess the medal in Iraq. About 500,000 1968 Uncirculated coin sets and about 900,000 separate 1968 Uncirculated dollars were struck in 1968. (Mint sealed sets and dollars.)

Statistics on 1967 coin sets produced in 1968:
280,803 Proof-like sets dated 1967 issued in 1968.

NOTE: The above figures were obtained early this year because Mint Officials were disturbed over the speculation in 50 cent pieces based on unofficial reports of a mintage of only 800,000 pieces. The mintages are in round figures the exact totals will be in the Mint Report, due in April.

SUBSCRIBERS' BULLETIN
JUNE, 1969

CANADA COIN EXCHANGE
P.O. Box 578, Adelaide St. P.O.
Toronto 210, Ontario, Canada

On May 5th, 1969, I sold the business and inventory of Canada Coin Exchange to Dick Robinson of Prince George, B.C. and Fred Samuels of Montreal, P.Q. After 20 years as a coin dealer I am retiring, but will be handling this year's C.N.A. Convention Auction Sale at the Royal York Hotel, Toronto, August 28, 29 and 30th. I will also complete any orders on hand as of May 5th, assist the new owners temporarily, and continue my numismatic editorial work until the end of this year.

I would like to take this opportunity to express my appreciation personally to so many of you who have helped to make the operation of Canada Coin Exchange a successful and enjoyable experience.

Canada Coin Exchange will continue to operate, without any interruption, under the new owners at the same address. Both Dick Robinson and Fred Samuels have a broad knowledge of Canadian numismatics, I have known them for a number of years, and you can expect from them prompt, courteous and conscientious service on your orders.

J. E. Charlton

We will offer our subscribers to this Bulletin strictly graded coins according to the Standard Grading Guide of Canada authored by Willey & Charlton.

We also plan on offering you specials at below market prices. We believe we currently have the largest inventory of Canadian decimal coins in Canada. At times we buy in large quantities and as a result are overstocked on many items. Under normal circumstances these surpluses are sold to other dealers. We will now offer them to our subscribers.

This Bulletin has been published bi-monthly. From this point forward it will be issued the first week of every month.

SPECIAL FOR SUBSCRIBERS ONLY:

This will be the seventh commemorative dollar that Canada has issued.

This month we have taken the time to list our paper money of Canada. The enclosed copy will appear in the next issue of the Canada Coin and stamp news. We are rushing the advance copy to our subscribers and offering a 10% discount from our fixed price list.

Canada Coin Exchange

SUBSCRIBER'S BULLETIN

INFORMED

JUNE 1970 - JULY 1970

1121 ST. CATHERINE ST. W.
MONTREAL, P.Q.

As you are aware, for the last several months we have not published our Bulletin. This was due to the relocation of Canada Coin Exchange to our new Montreal headquarters. As well, we have gone through a very difficult period arising from the merger with World Wide Corp. of Montreal. However, we feel now that we have overcome all of these problems and we will be in a position to resume our regular retail business.

From 1965 until recently, there has been a general decline from the peak prices of coins at that time; moderate in the case of our numismatic items and very severe in the speculative roads and proof like sets, etc., as well, several other factors including tight money, the stock market recession, etc. However, we have noticed recently a turn around and a gradual beginning of climbing market. Therefore, we can honestly recommend that now is the right time to buy at the right price, especially proof like material. There are several reasons this type of material is a sound investment. The Canadian Proof Like set, until 1968, were silver and of very low mintages compared to many of the world proof sets, all of which contain the Silver Dollar. In some cases, the cost is below the mint issue price. With Canada still issuing Commemorative dollar coins, the Silver dollar series is, as always, very popular and there has been a noticeable increase in the purchase of this series by dealers in Europe and Asia. We honestly feel there will be an increase in price of the Commemorative and type dollars, of at least 25%, within the current year.

Since the teletype system was started in Canada, two months ago, it has shown that the dealers have no stock of this material. Between dealers, the price of most commemorative dollars have jumped 20% in two months and the demands are heavy.

We are also, for the first time, enclosing our price list on military medals. We believe we have the largest stock in Canada.

We hope the delay in the publishing of our Bulletin has not caused you any inconvenience. At any rate, our Bulletin should appear on a regular basis now, and with our expanded facilities, we hope that we will have something for everyone.

We offer the following Proof Like Sets and Proof Like Dollars. We have the material in stock. No cheques will be returned.

"FLASH"

We have just received our stock of the new Canadian \$20.00 bills from the Bank of Canada. These notes represent the first change in our paper currency since 1954 and the first multi-coloured note that Canada has issued since the old chartered bank issue in 1935. They are most striking in appearance, the predominant colour being dark green on both sides. On the obverse side there is a completely new portrait of the Queen at the right, and a colourful Canadian Coat of Arms at the left on a pale orange background. The serial numbers are now printed in Red and Blue and the signatures in Dark Green. The new legal clause now reads "This Note is Legal Tender" instead of "Will pay to the bearer on demand". The picture on the reverse depicts lake and mountain scenery with a few swirls engraved on each side. The type of paper used is thinner and crispier than previous issues. This bill is very modernistic and yet retains the quality and taste one would expect in Canadian currency. We feel this new series will delight the Paper Money Collectors in general.

We have a fairly limited number available and at \$22.50 per note, we will sell no more than five per customer, on a first come, first serve basis.
